

TEAM DECC presents: Becky DeLio from Denver Public Library – Central Branch
DECC Nonprofit: GLBT Community Center of Colorado

I wanted to give 100% unconditional love and support to my daughter when she came out as a lesbian at age 11. Through the GLBT Community Center of Colorado, I was able to access empowering information through their website and services. We have connected with the gay, lesbian, bisexual and transgender community, and through programs at the Center, we are all engaged in enriching my daughter's life journey.

“We were directly affected by their mission to provide an inclusive and affirming resource for our community. It was so helpful and I am very grateful!” – Becky DeLio
