*As with all design and construction projects schedule indicated above is an estimate only. Many factors can cause delays in the delivery of the project, and schedules are subject to change.

Brief project description

This project will transform an underutilized strip of land to the southeast of Central Street between 15th St. and 19th St. into a new dog run that will provide an area for pups and their families to socialize and exercise. This linear dog park is anchored by landscaping at both ends. A netting system will provide separation from I-25.
