Alcohol Policy

**Revision
June 01, 2008**

PURPOSE

The purpose of this policy is to establish the rules and regulations regarding the service or sale and service, and the associated consumption, of alcohol beverages in Denver Parks and Recreation facilities and parks. It is the intention of the Department of Parks and Recreation to provide the citizens of Denver the broadest range of opportunities to enjoy its facilities and parks while protecting the City and its citizens from abusive and disruptive behavior.

DEFINITIONS

The phrase “alcohol beverage,” as used in this Policy, shall conform, at a minimum, to the definition and restrictions imposed by the Colorado Liquor Code under Article 47 of Title 12 of the Colorado Revised Statutes. For most situations where a permit may be issued by the Department of Parks and Recreation allowing the service or sale and service, and the associated consumption, of alcohol beverages is limited to malt liquor (beer) or vinous liquor (wine or champagne) as specified in the permit; provided however, spirituous liquor (hard liquor) may be permitted as provided in this policy subject to such limitations contained in this policy and in the permit. The sale and service of alcohol beverages, or the service of alcohol beverages at non-private (i.e., public) events shall require, in addition to any permits specified under this policy, a Special Event Liquor License issued by the appropriate governmental authority.

The phrase “3.2 beer,” as used in this Policy, shall conform, at a minimum, to the definition and restrictions for “fermented malt beverage” as provided by the Colorado Beer Code under Article 46 of Title 12 of the Colorado Revised Statutes. 3.2 beer may be consumed in open areas of Denver parks except as restricted in this policy and otherwise by law. The sale and service of 3.2 beer, or the service of 3.2 beer at non-private (i.e., public) events shall require, in addition to any permits specified under this Policy, a Special Event Liquor License issued by the appropriate governmental authority.

The phrase “Liquor License,” as used in this Policy, shall mean any permit or license issued by the Denver Department of Excise and License, the Colorado Department of Revenue, and/or other governmental authority as required by and in conformance with State laws and rules and regulations and Denver laws and rules and regulations regulating alcohol beverages and/or 3.2 beer. Any permit authorized or issued under this Policy shall not be effective for any non-private (i.e., public) event at which any alcohol beverage or 3.2 beer is served and/or sold and served unless and until the appropriate Liquor License has been issued and all requirements for the exercise of that Liquor License have been complied with. Any alcohol beverages and/or 3.2 beer must be served or sold and served, and consumed, at the location(s) on the premises as specified in the Liquor License and as further restricted by the permit issued by Parks and Recreation.

SECTION 1: FACILITIES AND PERMIT SITES WHERE ALCOHOL CONSUMPTION IS PROHIBITED OR RESTRICTED

Buildings

The consumption of alcohol beverages and 3.2 beer is prohibited in all Parks and Recreation buildings other than 1) buildings occupied by Concessionaires with concession licenses that specifically allow the sale, service and consumption of alcohol beverages and/or 3.2 beer on the licensed premises, and 2) buildings specifically identified as Event Facility Permit Sites in Section 2 below. Buildings where alcohol beverages and 3.2 beer are prohibited include, but is not limited to, recreation centers, senior centers, indoor or outdoor pools, and department offices.

Parks and other outdoor public places

The consumption of alcohol beverages, other than 3.2 beer, is prohibited at **ALL** Parks and Recreation parks and other outdoor public places, including all permit sites, other than those specifically identified as Special Occasion Permit Sites, Festival Permit Sites, or Race/Walk Permit Sites in Section 2 below. Permits are required under all circumstances in order for alcohol beverages or 3.2 beer to be served or sold and served at these sites, and the consumption of alcohol beverages so served or sold shall be restricted as provided in this Policy and the issued permit. Permits that do not allow the consumption of alcohol beverages are also available for these and other sites.

Sites may be added to the Special Occasion or Festival permit site lists by the Manager of Parks and Recreation only if a request is received from a City Council member or the public and only after an open community process (which includes but is not limited to the Parks and Recreation Advisory Board and registered neighborhood organizations) is performed to introduce the potential new site and solicit feedback.

a Special Event Liquor Permit to be used in conjunction with the event. The sponsor cannot engage in any agreement with the non-profit that provides for remuneration between it and the Special Event Liquor Permit holder. Any profits obtained from the sale of alcohol by the non-profit must be recognized by that entity and that entity only. If the non-profit gives away alcohol to attendees, the sponsor cannot in any way subsidize the cost of the alcohol. Every action between the Special Event Liquor Permit holder and the sponsor must remain separate and distinct. The Denver Department of Excise and License should be contacted for additional details on Special Event Liquor Permit requirements and restrictions.
