

Denver DNC related parade inquiries will be coordinated under the following two scenarios:

Designated Parade Route: Parade requests for the designated parade route (information including parade route released 6/12/2008) received prior to the March 14, 2008 deadline will be coordinated through City communication with the individual or contact person as indicated on the Extraordinary Event Permit & License Request Form. If necessary, a lottery or drawing will be held for the received requests to determine the order of parade participation for the August 25-28 and 11:00am-3:00pm timeframe. Requests received after the March 14 deadline, will be coordinated on an ongoing basis, based on date and time received. The coordination will consider the anticipated number of participants, as indicated on the request form, and the estimated parade time necessary for each group. Every effort will be made to accommodate as many requests as possible.

Note: An application and permit for the designated parade route is not required. By submitting a parade request form, it will allow the City to assist organizations coordinate time and place. The Designated Parade Request form is available on www.denvergov.org/DNC2008.

Alternate Parade Route: For requests other than the designated parade route, a Denver Parade Permit Application must be filled out and submitted. This application is available on www.denvergov.org/DNC2008. The completed application will be reviewed and a prompt response will be provided to the applicant.

Updated information regarding DNC permits & licenses, including parade request and application forms, are available on www.denvergov.org/DNC2008. For more information or questions, contact Kevin Scott – Denver DNC Permit & License Liaison at DNC2008permits@denvergov.org or at 720-865-4330.
