

POSTING IS REQUIRED

Classification Notice No. 1300

To: Agency Heads and Employees
From: Jeff Dolan, Personnel Director
Date: April 2, 2009
Subject: Pay Survey 2009 Proposed Change to the Classification and Pay Plan

The proposed changes amend the Classification and Pay Plan. Based upon a market analysis it is recommended that changes be made to the Classification and Pay Plan which includes range and step adjustments and pay grade changes.

Per Career Service Rule 8-43 C), "Pay survey adjustments shall be applied to the occupational groups as established in the Denver Revised Municipal Code." The Denver Revised Municipal Code requires the Mayor and City Council to accept, reject or modify any pay recommendations made by the Career Service Board no later than July 1 of each year. The implementation of the 2009 Pay Survey recommendations shall be consistent with ordinance provisions.

The proposed changes shall be posted on the appropriate bulletin boards, on the CSA Website at <http://www.denvergov.org/PublicNoticesandAnnouncements/ClassificationNotices/tabid/433577/Default.aspx>, and distributed electronically by CCD E-mail.

Public Notice of Changes:

There will be a public hearing held by the Career Service Board for comments on the 2009 pay survey recommendations on **Thursday, April 16, 2009, at 5:45 p.m.** at the Webb Municipal Building, 201 W. Colfax Ave., Room 4.F.2

Anyone wishing to be heard by the Board should call **720-913-5168** no later than noon the day before the hearing to schedule a presentation.

2009 Pay Survey Market Adjustments

Career Service Authority (CSA) has completed its annual market study of prevailing wages in the Denver metropolitan area. The City Charter and the Denver Revised Municipal Code (DRMC) require the survey to be completed with the findings and recommendations provided to the Career Service Board, the Mayor and City Council.

The annual pay survey analysis ensures that the city's pay ranges are competitive with comparable jobs in both the Denver metropolitan area and the national markets. When the market data indicates the City's pay for an occupational group has fallen behind the market, CSA recommends a structure increase for the occupational group. If the City's rates are above the market, CSA recommends no change.

Individual classifications may also be adjusted or "bumped" to a higher pay grade based on the results of the market analysis. The classification must be 10% - 15% behind the market to be considered for a bump.

The occupational group adjustments are not designed to deliver a pay increase with one exception, when an employee's pay falls below step one of the adjusted pay range, the employee will move to the new step one, which will result in an increase.

A pay increase is granted when a classification is "bumped" to a higher pay grade as a result of a pay survey adjustment. The pay increase is equal to approximately 4.55% for each pay grade bump upwards.

In previous years, pay grade bumps have become effective July 1st – the same date as the pay structure changes. Historically, concerns have been raised about this approach and implementation schedule because it makes it difficult for agencies to absorb the costs of the pay increases as those increases were not developed as part of the current year's budget.

The pay increases tied to the bumps are much more volatile and unpredictable than the pay structure adjustments, with the costs of the pay bumps having ranged from \$550,000 to \$2 million over the last few years. For this reason, the City will align the pay grade bumps with the City's budget process and change the

effective date for these pay increases to January 1st in the year following the recommendation.

With this proposed change, the structure changes recommended with this year's annual pay survey would still become effective July 1, 2009. However, the implementation date of any pay grade bumps associated with this year's pay survey would be January 1, 2010. This change allows the City to incorporate costs associated with the pay grade bumps into departmental budgets for the coming year.

A better prediction of our City's budget and costs is always important; it is critical in tight budget times such as these, and it will help the City avoid more extreme budget-balancing measures.

The box to the left lists the 2009 occupational groups, the market survey findings and the proposed step changes for the pay ranges in each occupational group. Three occupational groups will receive a one step adjustment and eleven will not be adjusted.

City employees will have the opportunity to comment on the findings at a public hearing before the Career Service Board on April 16, 2009 at 5:45 p.m.

If you have any questions about the 2009 Pay Survey results or want to schedule a briefing by the CSA staff, you can contact Blair Malloy at 720-913-5631 or Roberta Monaco at 720-913-5629.

Pay Increases

Pay increases are provided based upon the employee's individual performance as assessed through the Performance Enhancement Plan (PEP). In 2009, merit pay increases shall be limited to 2.25%. Eligible employees shall receive the increase on their merit increase date based on CSA Rule 13-61.

Steps to Determine Occupational Group and Salary

There are four simple steps to determine your classification title, occupational group and salary. Salaries can be found in the pay grades in each occupational group's table.

Step One: Locate your classification title in the alphabetical listing on pages 3 through 11. If you are unsure of your classification title, you can

find it on the upper portion of your pay check stub.

Step Two: Find the pay grade assigned to your classification, which is composed of three numbers and one letter. The letter indicates the occupational group and the numbers represent the pay grade within the specified occupational group.

Step Three: Proceed to the tables on pages 13 through 16 to locate the pay table that corresponds with your occupational group.

Step Four: Locate the pay grade within the table. Your salary will be the step that matches or most closely matches your current salary without losing money.

Classification	Pay Grade	Classification	Pay Grade
