

TEAM DECC: CARING. GIVING. EVERYBODY WINNING.

Jeff Allen · Office of Human Resources

“The DECC makes it easy to make a tax-deductible contribution to a local nonprofit. These dollars are going directly to a local organization I know is fighting for LGBT equality right here in Denver and Colorado, a cause I care deeply about. It feels good donating to a local, all-volunteer organization so more of the dollars go to the cause and less go to administration. I choose to give to **Equality Colorado** because they are a community organization whose mission is to promote and advocate for full LGBT equality in Colorado. I like giving to local organizations more than national ones because I feel the money will make a larger impact right here in my community. They are also a 100% volunteer organization so I know more of the money will go to the cause rather than administrative costs. I choose to give through the DECC because it is convenient! The money comes directly out of my paycheck and I don't have to write checks or go online to donate.”

More about Equality Colorado

Equality Colorado is a community organization whose mission is to promote and advocate for full LGBT equality in Colorado. It will accomplish its mission utilizing a variety of educational tools and techniques including online media, community organization and activism, and grassroots mobilization.

Learn more at www.facebook.com/equalitycolorado. Join Jeff in donating to **Equality Colorado** by adding the organization as a write-in charity at www.ipledgeonline.org/decc. (see example below).
