

TEAM DECC: CARING. GIVING. EVERYBODY WINNING.

Katie Zarachowicz · Office of Human Resources

“I am excited to represent the **Rocky Mountain Leukemia & Lymphoma Society** through the DECC campaign this year. The mission of the Leukemia & Lymphoma Society (LLS) is of critical importance—advocacy, patient education, and research with the end goal of curing leukemia, lymphoma, Hodgkin’s disease and myeloma.

“Supporting loved ones through cancer, or any other serious medical condition, is really difficult. Like the patient, you feel completely helpless and distraught. The LLS is a great resources for information and support, which is how the foundation has been so impactful to me. Since 2010, my dad has been battling a chronic form of leukemia (myelofibrosis) and the LLS was where I went to learn more about the disease. Because of advances in research by foundations like the LLS, my dad is still around today. When my mom was diagnosed with lymphoma right around Christmas last year, I pledged to take action however I could. Being an advocate for the LLS is one small way that I can go from feeling helpless to making an impact for my family and other leukemia, lymphoma, Hodgkin’s disease and myeloma patients.”

More about the Rocky Mountain Leukemia & Lymphoma Society

The organization’s mission is to cure leukemia, lymphoma, Hodgkin’s disease and myeloma, and improve the quality of life of patients and their families. LLS exists to find cures, be the voice and ensure access to treatments for blood cancer patients.
