

TEAM DECC: CARING. GIVING. EVERYBODY WINNING.

Marilyn Sanders · Technology Services

“Due to time constraints, it's not always feasible to volunteer one's time, making financial donations to trusted nonprofits viable options in furthering that agency's goal. I choose to give to **Denver Rescue Mission** through the DECC as an alternative to volunteering and serving meals there because I have seen first hand what a great organization they are and the benefit of their outreach in the community. Denver Rescue Mission indiscriminately serves three meals a day to some of our most vulnerable citizens. No one sets out in life with the goal of being homeless and dependent on such services but the reality of homelessness is one that cannot be ignored in this great city. The DECC is a great conduit for donations and making our 12,000-plus employees aware of the needs of the community and the varied nonprofits in Denver and Colorado.”

More about Denver Rescue Mission

At its eight locations in metro Denver and Northern Colorado, Denver Rescue Mission meets the needs of those experiencing poverty and homelessness through emergency services, community outreach, long-term rehabilitation programs, transitional programs and assistance for permanent housing. Since 1892, the mission has been changing lives in our community by helping people achieve productivity and self-sufficiency.
