3. City employees shall not split purchases to avoid the maximum limits contained in this Fiscal Accountability Rule (FAR), Charter, or Revised Municipal Code, or perform other actions with the intent of avoiding purchasing requirements.

4. Purchases made using petty cash or employee reimbursements for payment shall comply with this FAR.

5. Agencies/Departments shall not purchase supplies or equipment for personal use, nor shall arrangements be made by the Purchasing Division to create any buyer-seller arrangements for personal use.

7. A City employee may take advantage of discounts and/or contract rates offered by City vendors for personal purchases, provided these arrangements do not violate the City’s Code of Ethics or sales tax regulations.

8. Any purchase that does not meet the requirements of this FAR requires written authorization by the Director of Purchasing for the payment to be processed.
Purchasing Methods

9. The Director of Purchasing shall determine which of the following purchasing methods shall be utilized to initiate a purchase for goods or services related to goods:

A. Requisition to Purchase Order (PO) – This is the preferred method to initiate a purchase when terms and conditions are required.

   i. Every Requisition shall be approved by the Expending Authority of the requisitioning agency/department affirming that the goods and/or Services Related to Goods are necessary and that sufficient unencumbered funds exist to pay for the purchase.

   ii. A Change Order request shall be submitted to the Purchasing Division when there is a material change to the cost and/or scope of the total cost of the PO beyond the established Payment Tolerance or as required by the Director of Purchasing or his or her designee.

      b) the purchase is not a service related to a good, except as allowed and documented in the PCard Allowed Services section of the Procurement and Receiving Procedure; and,

      c) the purchase is not anticipated to be purchased again in the future or repeated with such frequency that it would be more advantageous to the City to request Purchasing to create a Master Purchase Order (MPO) or other City approved contract; or,

      d) the Director of Purchasing deems that a PCard is beneficial and/or necessary.
