

CITY AND COUNTY OF DENVER

ENERGY OFFICE ACCOMPLISHMENTS

DEPARTMENT OF GENERAL SERVICES

WHO WE ARE

The Denver Energy Office is committed to efficient energy management, utility cost savings, and supporting sustainability policies for municipal buildings.

ACCOMPLISHMENTS

- Re-configured Colorado Convention Center solar panel Power Purchase Agreement, resulting in \$600,000 in savings
- Decreased annual utility budget cost by \$1,300,000
- Awarded Investment Grade Audit contracts to Energy Service Companies (ESCOs) to audit over 40 municipal buildings for energy efficiency improvements
- Subscribed to new solar garden energy programs, including Xcel Energy's Renewable*Connect and Solar*Rewards Community, generating over 20 Gigawatt hours of renewable electricity per year
- Eleven buildings qualified for Energy Star certification in 2018, representing more than two million square feet
- Achieved an eleven percent reduction in energy consumed by municipal facilities from a 2011 baseline
- Completed a rooftop solar assessment for all city owned buildings
