1 Editor’s Note: The Table of Contents is part of the Annotations and not part of the formal Rule.

2 Rule Annotation: See also Rule 15 for provisions regarding examinations in general.

3 Editor’s Note: Amendments effective February 12, 2005, involved a significant reorganization and renumbering of sections contained in the prior version effective February 20, 2003. Also, effective February 12, 2005, Section 5 titled, Preparation of Examination, was rescinded, and the provisions were incorporated into Rule 15 § 2. The amendments of May 24, 2005 concern the lateral hiring of firefighters pursuant to an intergovernmental agreement. They derive from changes to Charter § 9.3.11 and § 9.5.5 approved in election of May 3, 2005.

4 Charter Annotation: Charter § 9.6.7, concerning transition provisions for the ranks of Radio Engineer and Superintendent of Radio Engineer in the Police Department, was repealed as a result of completion of the transition of these positions out of the Classified Service. Therefore, reference to these ranks was deleted from this Commission Rule 6 effective February 12, 2005.
Section 1. Promotional Vacancies Requiring Examination.  
(Adopted February 12, 2005)

(See Section 8, Lines of Promotion, Schedules I and II.)

B. Examinations for promotions within the Fire Department shall be given, as practicable, according to the following timetable, or more frequently if necessary:

2. Lieutenant Examination: .............................................. Every two years
3. Captain Examination: ................................................... Every two years

* By established practice, only one person holds the rank of Assistant Master Mechanic, or the rank of Assistant Superintendent of Fire Alarm, at any one time. It is from these ranks, respectively, that the ranks of Master Mechanic and Superintendent of Fire Alarm are filled. As a result, only one person at any one time is available in the line of promotion, for promotion to the rank of Master Mechanic or to Superintendent of Fire Alarm. Therefore, a competitive examination is not required. However, should there ever be a circumstance where two or more persons hold the rank of the respective Assistant position, at the time of requisition for promotion, a competitive examination would be held.

Section 6. Credit For Seniority.

A. Credit for seniority shall be provided, calculated, and have such point value as the Commission shall determine and state in the official announcement of the examination, and as stipulated in this section. Credit for seniority shall be based on the length of continuous service in the rank immediately below the rank to be filled by promotion. 13 Case Law Annotation: Pursuant to the settlement agreement in F.I.R.E. et al. v. Bach et al., credit for seniority for the position of Fire Lieutenant shall only be given for up to eight (8) years of service within the classified service of the Fire Department. The history of this case is as follows: The case was initially decided in F.I.R.E. et al. v. Bach et al., No. 78-K-119, (D. Colo. Sep. 24, 1981); it was then reversed and remanded in F.I.R.E. et al. v. Bach et al., Nos. 82-1612, 82-1613, 82-1687, (10th Cir. Apr. 3, 1984); and later settled through an Amended Settlement Agreement of August 14, 1987.

14 Editor’s Note: Section number changed February 12, 2005.

b. The time in any higher rank prior to separation [consistent with the provisions of subsections B (1) and B (2) immediately above, as applicable]; and
c. The time in rank following re-employment [and the time in any higher rank following re-employment, consistent with the provisions of subsection B (1) immediately above, if applicable].

C. For the purpose of calculating credit for seniority for promotion to the rank of Sergeant in the Police Department, the examination announcement for the Sergeant rank shall provide that credit for seniority shall ultimately be based on a candidate’s date of original appointment to the rank of Police Officer, irrespective of original appointment as a civilian, cadet, certified peace officer, or reserve Police Officer. No candidate for promotion to Sergeant shall be eligible to receive more credit for seniority than could be received by any other candidate who did receive original appointment, or who would have received original appointment, on the same date in the same calendar year (with no reductions in length of service), irrespective of the Charter provision under which the original appointment was received.  
(Adopted January 24, 2003; Amended May 24, 2005)

D. For the purpose of calculating credit for seniority for promotion to the ranks of Lieutenant and Engineer in the Fire Department, the examination announcement for the Lieutenant and Engineer ranks shall provide that credit for seniority shall ultimately be based on a candidate’s date of original appointment to the rank of Firefighter, irrespective of original appointment as a civilian or as a lateral hire through an intergovernmental agreement. No candidate for promotion to Lieutenant or Engineer shall be eligible to receive more credit for seniority than could be received by any other candidate who did receive original appointment, or who would have received original appointment, on the same date in the same calendar year (with no reductions in length of service), irrespective of the Charter provision under which the original appointment was received.  
(Adopted May 24, 2005)

E. Points for seniority, if any, shall only be added to the total examination score for those candidates who have successfully completed/passed all phases of the examination.  
(Adopted February 12, 2005; Paragraph letter changed May 24, 2005)

---

15 Editor’s Note: The Charter § 9.3.5(I) [formerly § C5.59] previously contained provisions limiting eligibility for promotion to Sergeant in the Police Department for those receiving original appointment under the Charter provisions for “certified peace officer.” Charter § 9.3.5(I) was repealed in the Charter revisions of May 6, 2003, with the prior understanding that limitations on eligibility for promotion to Police Sergeant for those appointed as certified peace officers would be provided in Commission Rule.

16 Editor’s Note: This sub-section provides that a Firefighter receiving original appointment at a grade higher than 4th Grade, under Charter § 9.3.11(E)(iii) and § 9.5.5(B), will not have benefit of greater seniority due to achieving 1st Grade prior to the date he or she would have achieved 1st Grade had they been appointed under Charter § 9.3.11(E) and § 9.5.5(A). Charter § 9.3.11(E)(iii) and § 9.5.5(B) adopted election of May 3, 2005.
Section 7. No Award of Veteran Preference Points.
(Arranged February 12, 2005)

No veteran preference points shall be given in promotional examinations, pursuant to Article XII, Section 15 of the Colorado State Constitution.

Section 8. Lines of Promotion and Prerequisites. 17

A. The lines of promotion for the Fire and Police Departments for classifications/ranks that require an examination by the Civil Service Commission, together with the time in rank and/or grade required before a member is permitted to participate in a promotional examination, are listed in Schedule I and Schedule II of this section. A candidate’s time in rank and/or grade, as used to determine eligibility to participate in a promotional examination, shall be calculated based upon a date that the Commission shall determine and state in the official announcement of the examination.
(Amended October 13, 1995; March 27, 1998; February 12, 2005)

B. With adequate notice to candidates, the Commission may establish additional prerequisites, beyond any minimum time in rank and/or grade, for participation in a promotional examination.
(Adopted February 12, 2005)

1. Such prerequisites may be based on one or more elements of a candidate’s personnel record and/or related background qualifications, that may include but are not limited to education, training, certification, license, work history, disciplinary record, and/or experience.

2. Notice of any newly established prerequisite based on training, certification, and/or license shall be provided to potential candidates sufficiently in advance of its first inclusion in an announcement of examination to reasonably allow potential candidates adequate time and opportunity to obtain the prerequisite training, certification, and/or license.

3. Any prerequisite based on an educational requirement of a two-year or four-year college degree, or other specified college credit requirement, may only be established by Commission rule.

4. In determining whether a candidate possesses any established prerequisite the Commission shall utilize common criteria to ensure that the method of evaluation is competitive and impartial. (See also, Section 5, Ascertained Merit.)

### Case Law Annotation:
Pursuant to the *Amended Memorandum Opinion and Order* of the court in Ortiz v. Bach et al., Civil Action No. 75-A-734 (D. Colo. 1976), the eligibility requirements for promotion to the rank of Sergeant shall be no longer than four years (total time on the force), and that the time in rank prerequisite for taking the promotional exam for other officer positions shall be one year. The Court further ordered that the Commission modify its rules accordingly.

### Editor’s Note:
The Charter § 9.3.5(I) [formerly § C5.59] was repealed in the Charter revisions of May 6, 2003. It contained provisions limiting eligibility for promotion to Sergeant in the Police Department for those receiving original appointment under the provisions of Charter § 9.3.11(E)(i) for “certified peace officer.” The Charter section was repealed with the intent and understanding that the limitations on eligibility for promotion to Police Sergeant, for those appointed as certified peace officers, would be provided in Commission Rule. This limitation is accomplished by requiring minimum service of 48 months in the Rank of Police Officer, independent of the time in Grade.

### Charter Annotation:
Charter § 9.6.5 - Classified members assigned to the positions of Technician, Detective, or Corporal must hold the rank of Police Officer, First Grade. Consequently, time served as Technician, Detective, or Corporal counts as time served as Police Officer, First Grade.
