RECORD OF PROCEEDINGS

Informational Items:

- Executive Director Report:

On March 4, 2014, Earl and Jeff Wilson met with Don Ronyak, Office of the Executive Director of Safety along with three Cadet Leaders to formulate a promotional process for Cadet Leaders. Earl noted Cadet Leaders will be used as Subject Matter Experts (SME) to determine the qualities Don and the Department of Safety would prefer. They hope to have this developed by Fall of 2014. Additionally, plans will be made to expose the Cadets to the physical elements of testing in order to raise awareness as to what the Cadets should expect from Fire and Police professions.

Earl stated that the Civil Service Commission has been understaffed for the last six years and due to the increased work load, would like to hire additional support staff. Earl noted that he and Antoinette Torres-Janke met with the department's budget analyst to justify the staff increase and felt hiring another support staff member could occur as early as June and no later than October 2014 if approved by budget.

Earl shared the demographics for the 2014 Fire process with the comparison of the 2012 Fire process. Commissioner Potter commented it was unfortunate the number of applicants failing the exam were African-American, Latinos and Asians. Earl noted there is a need for more tutoring and mentoring during the process to assist applicants with test anxieties. The Commission has already extended the opportunity to expand the mentoring program with Captain Fulton for the Denver Fire Department.
