

Edna Oliver Child Care Center Renovation

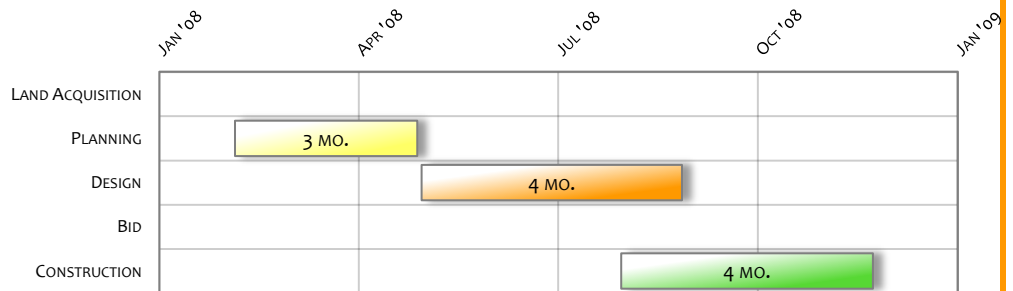

1.03.05.01
2851 Tremont Pl.
Denver, CO 80205
District 9

Project Overview

Project Scope

Renovation work at the Edna Oliver Child Care Center (operated by Mile High Montessori) focused on building systems and energy efficiency measures intended to bring the facility into compliance with current building standards and to benefit users through a healthier, more comfortable learning environment. Improvements included a new hot water heater, air conditioning in the kitchen, upgrades to the existing electrical system, new energy efficient lighting, installation of insulation in the building's exterior walls, washable interior wall surfaces for easy cleaning, and minor interior space reconfigurations including expansion of the staff lavatory and office spaces.
