

Arie P. Taylor Building Rehabilitation

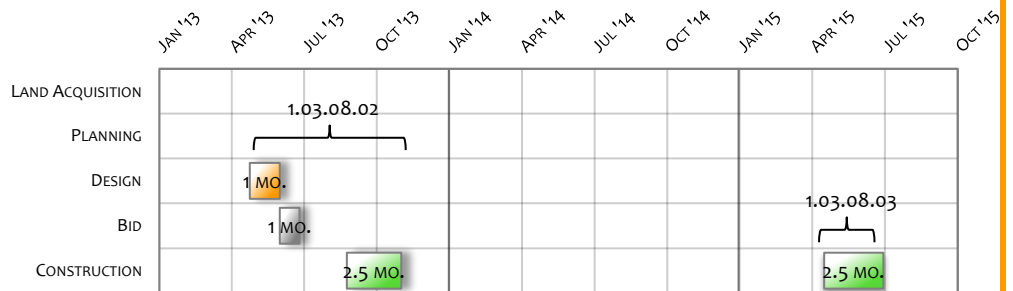

1.03.08.02-03
4685 Peoria St.
Denver, CO 80239
District 8

Project Overview

Project Scope

The Arie P. Taylor Building Rehabilitation project comprised minor reconfiguration of interior spaces, updates to interior finishes, associated relocation of building systems, and general improvements to existing electrical, mechanical and audio visual systems. Construction work was completed in two separate phases and procured via on-call work orders, with final completion achieved in the summer of 2015.
