

Barnum Outdoor Pool and Splash Pad (New)

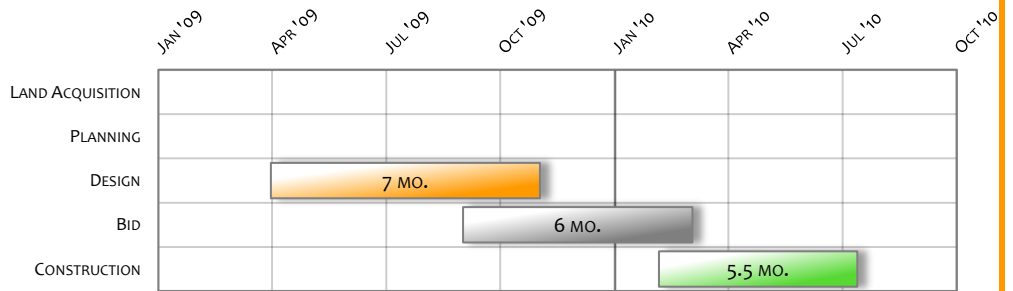

1.04.03.03
 370 Hooker St.
 Denver, CO 80219
 District 3

Project Overview

Project Scope

The Barnum Outdoor Pool and Splash Pad project consisted of improvements to existing pool facilities and construction of two outdoor splash pads at Barnum Park. Scope included the following: selective demolition of old facilities; sub-surface drainage improvements; earthwork; restoration of existing pool facilities; construction of new splash pads including electrical, mechanical and plumbing work; specialized colored and textured concrete with aquatic surface treatment; installation of new site amenities and furnishings; a new irrigation system; and landscaping improvements. Building improvements included minor demolition of old mechanical equipment and the construction of a chemical storage room within the existing building.
