

# City Park Bandstand

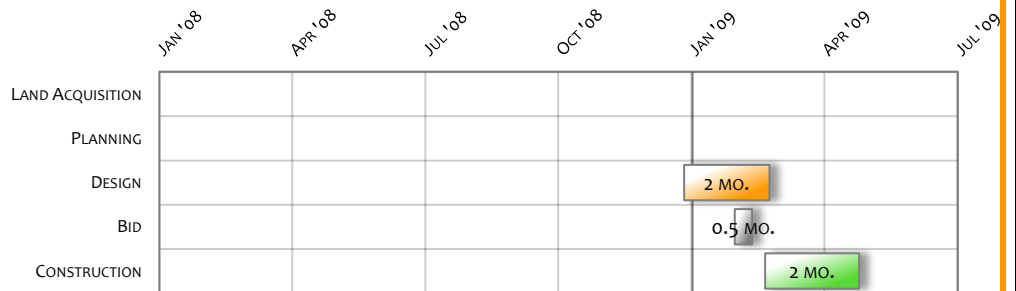

1.04.10.02  
1700 York St.  
Denver, CO 80206  
District 9

## Project Overview

### Project Scope

The Better Denver Bond Program funded approximately \$150,000 in improvements to City Park's historic bandstand. The deteriorating wooden deck was replaced with new, more durable Trex flooring; face stones of the foundation piers were repaired; and the primary structural columns were patched, reinforced and painted. The bandstand's design and appearance remain the same, but the restoration work refreshed aging finishes and should help to preserve the structure for years to come.
