

# Argo Park Playground Improvements

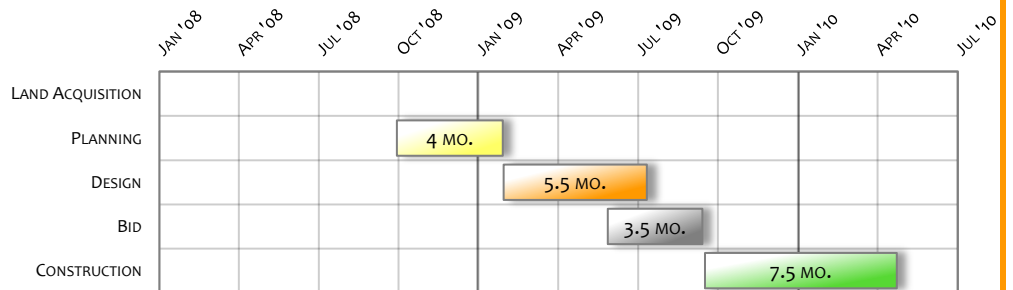

1.04.14.05  
4700 N. Logan St.  
Denver, CO 80216  
District 9

## Project Overview

### Project Scope

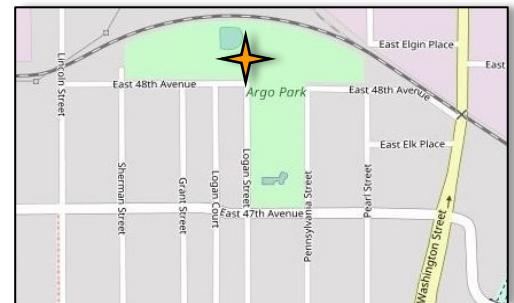

Improvements to the Argo Park playground comprised demolition and restoration of the existing playground area followed by construction of a new playground to the north of the existing pool house. Additional improvements comprised new concrete pathways, a plaza area including two new picnic tables, modernized playground equipment, irrigation system improvements, and enhanced site amenities and furnishings. The creative concept celebrates Globeville's cultural diversity and includes features such as colorful flags, cultural gardens and a map of the world tied into a new plaza area.
