

Washington Park Recreation Center Improvements

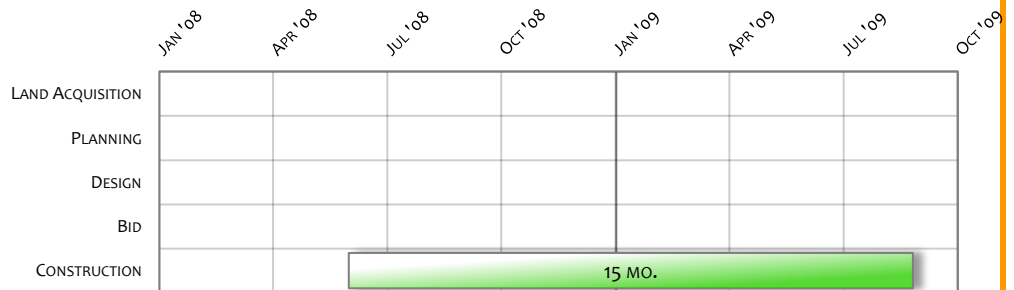

Project Overview

1.04.15.10
701 S. Franklin St.
Denver, CO 80209
District 6

Project Scope

Improvements to the Washington Park Recreation Center were focused on enhancing the building envelope and included the following: maintenance of the existing sloped roofing system, removal and replacement of existing exterior wood siding, new paint on the facility's exterior, and repairs to damaged exterior stucco finish. The exterior wall adjacent to the recreation center's indoor pool was also removed and replaced with floor-to-ceiling glass windows and doors.

BETTER DENVER BOND PROGRAM
PROJECT COST:
\$404,164
