

Cherry Creek Transfer Station Improvements

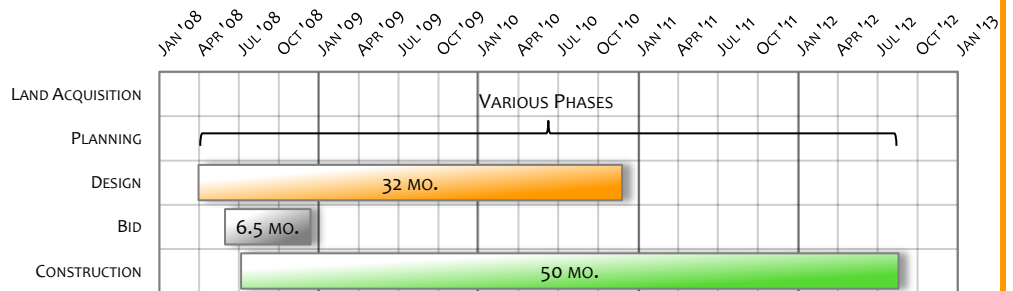

1.06.01.02-05
7301 E. Jewell Ave.
Denver, CO 80231
District 6

Project Overview

Project Scope

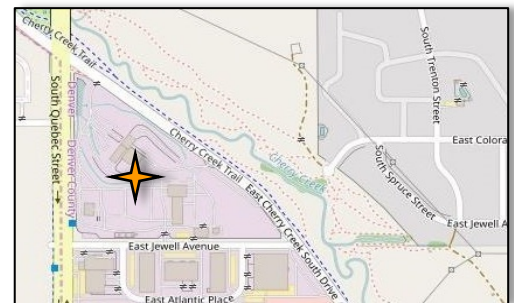

The Better Denver Bond Program funded four components within the Cherry Creek Transfer Station, including construction of a canopy cover for the salt storage facility, repair of the facility's existing hopper unit, a small addition to and renovations of the existing fleet garage, and design and construction of a new annex building that includes office and training space, a small lunch room and locker room facilities. In addition, a combination of bond and FIT funds was used to construct an addition to the trash transfer building and improve overall site drainage.

BETTER DENVER BOND PROGRAM
PROJECT COST:
\$3,697,930
