

Colfax Avenue (Columbine St to St Paul St) Improvements

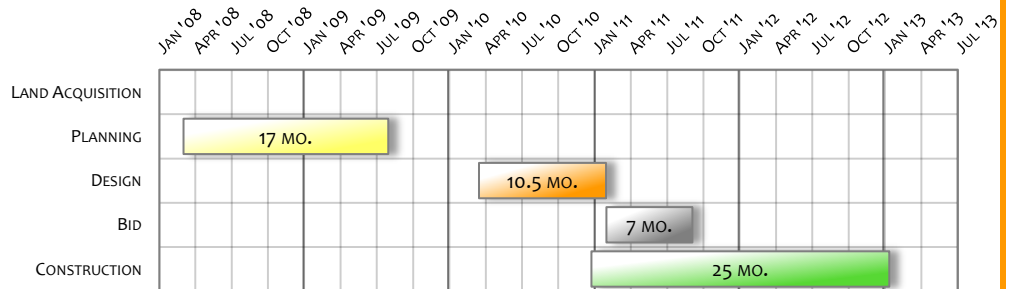

1.06.25.01
Columbine St. -
St. Paul St.
Denver, CO 80206
Districts 9 & 10

Project Overview

Project Scope

The Colfax Avenue (Columbine St to St Paul St) Improvements project extended approximately six blocks, from Denver's East High School eastward. The project helped to create an enhanced transit corridor by installing 36 new pedestrian lights, increasing sidewalk coverage and making the area both safer and more welcoming. Also included were improvements to existing sidewalks and curb ramps. The new lights will be maintained with funding from the Greektown Local Maintenance District.

BETTER DENVER BOND PROGRAM
PROJECT COST:
\$998,306

Project Team

Project Manager: Marco Cabanillas
Designer(s): Harris Kocher Smith
Constructor(s): KECI Colorado Inc.
