

DPAC New Ellie Caulkins Opera House Lighting Controls

1.08.11.01
1385 Curtis St.
Denver, CO 80204
District 9

Project Overview

Project Scope

This project involved procurement and installation of a new and improved stage lighting control panel within the Ellie Caulkins Opera House, as existing controls had failed several times. The improved lighting systems will help to ensure that the Ellie, as well as the larger Denver Performing Arts Complex, remain the region's premeir performance venue.

BETTER DENVER BOND PROGRAM
PROJECT COST:
\$800,300
