**ABOUT THE ACADEMY**

*My City Academy* is a leadership-training program that empowers Denver residents to understand and participate in City Government.

The *My City Academy Webinar Series* is especially focused on providing Service Providers and Navigators information they can share with the community. This program contains information participants can use and share with others to successfully navigate City services and resources to help their communities thrive.

Registration is now open.

Interpreters provided, but you must pre-register.
