RE: Zone Map Amendment - 3204, 3206 Denargo Street, Denver, CO 80216

Dear Scott:

This Document will serve as the REVISED supporting documentation for the Zone Map Amendment Application for **3204, 3206 Denargo Street, Denver, CO 80216**, currently zoned as **I-B, UO-2 and R-MU-30 w/ waivers and conditions**, to be rezoned as **C-MX-8**. . It is being revised to address the comments received from you on March 31, 2017.

**Review Criteria complying with DZC Sec. 12.4.10.7:**

- A. Consistency with Adopted Plans.** There are currently 4 Plans adopted by the City which pertain to this site. *The 38<sup>th</sup> & Blake Height Amendments, Blueprint Denver, Comprehensive Plan 2000 and the River North Plan.* It is my belief, and that of the property owner, that this parcel complies with all of the adopted Plans for this parcel, and that the Zone Map should be amended as requested for the following reasons:

**38<sup>th</sup> & Blake Height Amendments:**

- This parcel lies outside of the boundaries of the 38<sup>th</sup> & Blake Height Amendment as shown on the Amendments map shown on page 7 of the Amendments [attached];

**Blueprint Denver:**

- This parcel is identified as being within an Area of Change and will help to satisfy the Strategies outlined in Blueprint Denver for bringing development into the Area of Change;
- This parcel is identified as part of a mixed-use area by the Plan Map in Blueprint Denver. Amending the Zone Map will bring this parcel in line with the Blueprint Denver Land Use Map;

**Denver Comprehensive Plan 2000:**

- This parcel is part of the Central Platte Valley area that the Comp Plan 2000 envisions for mixed-use redevelopment, "that will extend the density and vitality of Downtown northwesterly to the banks of the South Platte River."
- This parcel fulfills one of the key components of the Denver 2000 Comp Plan by redeveloping vacant, and/ or underutilized land, especially close-in to the downtown core in order to conserve land by designing for mixed-use communities.

**River North Plan:**

- This rezoning of this parcel of land will bring it in line with the mixed-use, particularly residential mixed-use, designation identified by the River North Zoning Plan. Consistent with other adopted plans, this parcel has been identified as being under-utilized by the River North Plan.
- The River North Plan lists as one of its General Framework Goals the addition of new development to create, "a unique environment both in terms of an eclectic mix of uses and

exciting, innovative architecture,” as to improve connections to River North, Downtown and other nearby neighborhoods.

**Summary: This proposed map amendment is consistent with all of the relevant adopted codes.**

- A. Uniformity of District Regulations and Restrictions.** The rezoning of this parcel will maintain uniformity of district regulations and restrictions. This property will become C-MX-8 and will allow this parcel to be more fully integrated into the Denargo Marketplace neighborhood which is across Wewatta Way from the parcel, bringing residential units to the area and further reducing the industrial use of the land as is currently zoned and bringing in a greater density and vitality to the neighborhood as recommended in the Area of Change designation.
- B. Public Health, Safety and General Welfare.** This Zoning Map Amendment will promote the health, safety, and general welfare of the area’s residents, tenants, and visitors by having a zoning designation that is inline with the Adopted Plans of the City of Denver,

**Review Criteria complying with DZC Sec. 12.4.10.8:**

- A. Justifying Circumstances.**
  - 4.** The land or its surrounding environs has changed or is changing to such a degree that it is in the public interest to encourage a redevelopment of the area or to recognize the changed character of the area. As outlined above, this parcel has been identified by Blueprint Denver, the Denver Comprehensive Plan 2000, and the River North Plan as being an Area of Change and is recognized as being underutilized and in need of being redeveloped into a mixed-use neighborhood.
- B. Consistency with Neighborhood Context Description, Zone District Purpose and Intent Statements.** The Zoning designation being applied for in this application will allow still allow for a mix of uses as does currently exist, however it will also allow for a higher density of use for the parcel to conform with the Adopted Plans and offer a mix of zoning uses for the property. In addition, allowing a higher density and a mix of uses, particularly adjacent to the existing residential buildings across Wewatta Way will help to promote an active, pedestrian-oriented neighborhood.

**Additional information/ criteria:**

- A.** It is the intent of the owner to remove the UO-2 billboard overlay from the property;
- B.** It is the intent of the Owner to rezone only to the property line and not to the centerline of Wewatta Way, since it is a Private Street within the Denargo Market Metropolitan Area;

I look forward to discussing the Zoning Map Amendment application for this parcel of land with you in great depth. Should you have any questions or comments, please do not hesitate to contact me.
