## REVIEW CRITERIA

**General Review Criteria:** The proposal must comply with all of the general review criteria

- **DZC Sec. 12.4.10.7**
  - Consistency with Adopted Plans: The proposed official map amendment is consistent with the City's adopted plans, or the proposed rezoning is necessary to provide land for a community need that was not anticipated at the time of adoption of the City's Plan.
  - Please provide an attachment describing relevant adopted plans and how proposed map amendment is consistent with those plan recommendations; or, describe how the map amendment is necessary to provide for an unanticipated community need.
  - Uniformity of District Regulations and Restrictions: The proposed official map amendment results in regulations and restrictions that are uniform for each kind of building throughout each district having the same classification and bearing the same symbol or designation on the official map, but the regulations in one district may differ from those in other districts.
  - Public Health, Safety and General Welfare: The proposed official map amendment furthers the public health, safety, and general welfare of the City.

**Additional Review Criteria for Non-Legislative Rezonings:** The proposal must comply with both of the additional review criteria

- **DZC Sec. 12.4.10.8**
  - Justifying Circumstances - One of the following circumstances exists:
    - The existing zoning of the land was the result of an error.
    - The existing zoning of the land was based on a mistake of fact.
    - The existing zoning of the land failed to take into account the constraints on development created by the natural characteristics of the land, including, but not limited to, steep slopes, floodplain, unstable soils, and inadequate drainage.
    - The land or its surroundings has changed or is changing to such a degree that it is in the public interest to encourage a redevelopment of the area to recognize the changed character of the area.
    - It is in the public interest to encourage a departure from the existing zoning through application of supplemental zoning regulations that are consistent with the intent and purpose of, and meet the specific criteria stated in, Article 9, Division 9.4 (Overlay Zone Districts), of this Code.
  - Please provide an attachment describing the Justifying circumstance.
  - The proposed official map amendment is consistent with the description of the applicable neighborhood context, and with the stated purpose and intent of the proposed Zone District.
  - Please provide an attachment describing how the above criterion is met.

## REQUIRED ATTACHMENTS

Please ensure the following required attachments are submitted with this application:

- Legal Description (required to be attached in Microsoft Word document format)
- Proof of Ownership Document(s)
- Review Criteria

## ADDITIONAL ATTACHMENTS

Please identify any additional attachments provided with this application:

- Written Authorization to Represent Property Owner(s)
- Individual Authorization to Sign on Behalf of a Corporate Entity

Please list any additional attachments:

</table>
REVIEW CRITERIA

Regency Realty Investors (owner) is applying to rezone 3900 N Elati St and 3958 Elati St from IA-UO2 to C-RX-12. The parcel on Elati St and W 39th Ave in the Globeville Neighborhood is currently being operated as residential housing. With the new Light Rail Station on 41st and Fox Street and the new TOD typology for the area being more of an ‘urban’ character the current zoning is limited in its future uses. The current adjacencies in this neighborhood include Industrial, Mixed-Use, Multi-Unit and Single Family Residential.

The new proposed zoning will match the general neighborhood development and is consistent with the following General Review Criteria:

Consistency with Adopted Plans

The proposed zoning of C-RX-12 is consistent with the City’s vision for the neighborhood and supported by all adopted plans including Blueprint Denver 2019, Denver Comprehensive Plan 2040, the Globeville Neighborhood Plan and the 41st and Fox Station Area Plan.

- **Blueprint Denver 2019:**
  The property is located on North Elati Street in an Area of Change with the Concept Land Use being designated as an Urban Center. Areas of Change promote development, growth and change. With the new 41st and Fox light-rail stop being within a quarter mile from the property the proposed new zoning will allow alternative ways to providing housing, services, and employment opportunities for a diverse population in a configuration that facilitates pedestrian and transit access. The new proposed zoning supports a high mix of uses throughout the area, with multi-unit residential typically in the multi-story, mixed-use building forms.

- **Denver Comprehensive Plan 2040**
  The proposed rezoning is consistent with many of the adopted Denver Comprehensive Plan 2040 strategies, including:
  - Strong and Authentic Neighborhoods, Goal 1, Strategy B – Ensure neighborhoods offer a mix of housing types and services for a diverse population (p. 34).
  - Equitable, Affordable and Inclusive, Goal 1, Strategy A – Increase development of units close to transit and mixed-use developments (p. 28).
  - Strong and Authentic Neighborhoods, Goal 4, Strategy A – Grow and support neighborhood-serving businesses (p. 34).
  - Environmentally Resilient, Goal 8, Strategy B – Encourage mixed-use communities where residents can live, work and play in their own neighborhoods (p. 54).
  - Environmentally Resilient, Goal 8, Strategy C – Focus growth by transit stations and along high- and medium-capacity transit corridors (p. 54).

The proposed zone district will enable mixed-use development at a location where infrastructure, including light rail transit service, is already in place. Therefore, the rezoning is consistent with the Denver Comprehensive Plan 2040 recommendations.
• **Globeville Neighborhood Plan:**
The Globeville Neighborhood Plan is the most recently adopted plan and confirms the vision for the neighborhood as laid out in Blueprint Denver – Urban Residential within an Area of Change. The plan’s recommendation #4 calls to improve access to Housing and to improve Neighborhood Services. The new proposed zoning would support and accommodate higher density residential housing and complementary commercial uses, with a maximum building height of 12 stories while working to reinforce and revitalize existing businesses. Urban Residential with Commercial Mixed-Use, and Multifamily Residential Uses will help create the envisioned change in the 41st and Fox Station Area balancing the needs of Residents, Commerce and Industry.

• **41st and Fox Station Area Plan:**
This plan is focused on the long-term redevelopment of the area east of the railroad tracks to create a complete, transit-friendly neighborhood. The property is designated as Urban Residential with a building height of 12 stories. The proposed new zoning would allow for the promoted higher intensity with a variety of uses including Residential. The plan’s focal point of a diverse, transit supportive and environmentally sustainable Urban Center will be supported and create opportunities to add more housing, jobs and services to the station area. Below are recently rezoned properties and redevelopment in the 41st and Fox Station area:

  • Fox Street light rail station – 41st and Fox Street (opened April 2019) – The old Brannon Sand and Gravel property was transitioned into a light rail station and parking lot to support both light rail and bus services.
  • Fox Street Shops – 3900 Fox Street (opened 2013) – An urban retail center with parking in the rear.
  • Villas at the Regency (student housing) – 2551-2559 31st Street (opened 2013) – Parking lot redeveloped into 120 multifamily/student housing units.

Photos of redevelopment projects below.
The new proposed C-RX-12 zone district is consistent with the recommendations of the above referenced adopted plans, would enable growth and allow for mixed-use developments to serve the everyday needs of the neighborhood in adjacency to the new transit station.

**Uniformity of District Regulations**
The general purpose of the urban residential zone, and mixed use zoning, district is to promote safe, active and pedestrian- scaled, diverse areas through the allowed building forms to enhance the convenience, ease and enjoyment of transit, walking, shopping and public gathering within this Urban Center neighborhood. This new proposed zoning will support the vision for this area.
The proposed new zoning for this property will result in the uniform application of the Zone District’s building form, use and design regulations.

**Public Health, Safety and General Welfare**
The proposed official map amendment furthers the public health, safety and general welfare of the City. This amendment will improve the site into a new residential and Mixed-Use development incorporating a variety of uses. The rezoning and future development of this site will contribute to the creation of a safer improved road and pedestrian sidewalk network for existing and future area residents. The new light rail station will provide easy access to downtown and reduce the need for automotive transportation.
The development of this parcel will likely encourage more substantial investment to rehabilitate the property with a useful life for the community by allowing for more local businesses to continue the existing surrounding development structures.

**Justifying Circumstances**
Changes include adopting to recommended neighborhood plans, recent rezoning and development of other properties in the areas and the new light rail station. It is in the public interest to match the surrounding zoning recognizing the changed character of the area.

**Consistency with Neighborhood Context Description, Zone District Purpose and Intent Statements**
The requested C-RX-12 zone district is within the Urban Neighborhood Context. The urban, residential and mixed-use districts are intended to promote active, pedestrian-scaled and diverse areas and activate the public street edge. The district standards also intend to enhance the neighborhood and ensure new development that contributes positively to the established character. The proposed rezoning is consistent with the Urban Center context. Given the proximity to transit, and the residential and mixed-use arterial Fox Street, the proposed rezoning will achieve the intent of the zone district.

Please see enclosed supporting documentation of the surrounding area.

Re: 3900 N Elati Street & 3958 N Elati Street
Notice to Request to Rezone

To whom it may concern,

Regency Realty Investors (owner) is in the process of requesting to rezone 3900 N Elati St and 3958 N. Elati St from IA-U02 and IA to C-RX-12. The parcels on Elati St and W 39th Ave in the Globeville Neighborhood is currently used for residential student housing. With the new Light Rail Station on Fox Street and the new TOD typology for the area being more of an 'urban' character the current zoning is limited in its future uses for any typical Mixed Use developments.

The new proposed zoning will match the general neighborhood development and is consistent with the following General Review Criteria:

Consistency with Adopted Plans
The parcel is consistent with the adopted plans of Blueprint Denver and the Denver Comprehensive Plan. It is also compliant with the Globeville Neighborhood Plan and the 41st and Fox Station Area Plan. The area is designated as Area of Change / TOD allowing for mixed-use developments up to 12 stories in height.
The proposed map amendment will enable growth and allow for developments to serve the everyday needs of the neighborhood. It will also allow for high-intensity development in adjacency to the transit station served by light rail and bus in an area identified as appropriate for change.
The proposed C-RX-12 zone district is consistent with the recommendations of the referenced adopted plans.

Uniformity of District Regulations
This parcel is consistent with and similar to adjacent properties in the Fox Street Station neighborhood recently zoned to C-RX. The proposed rezoning will result in the uniform application of building form, use and design regulations.

Public Health, Safety and General Welfare
The development of this parcel will likely encourage more substantial investment to rehabilitate the property with a useful life for the community. The redevelopment of this parcel will serve the well-being of the general public by allowing for more local businesses to continue the existing surrounding development structures.
Justifying Circumstances
'The land or its surrounding has changed to such a degree that it is in the public interest to encourage a redevelopment of the area to recognize the changed character of the area. Changes include newer adopted neighborhood plans, recent rezoning and development of other properties in the area and the new light rail station.'

The above reference section of the DZC applies to these parcels with the existing zoning no longer being appropriate for these sites. It is in the public interest to match the surrounding zoning recognizing the changed character of the area.

Consistency with Neighborhood Context Description, Zone District Purpose and Intent Statements
The requested C-RX-12 zone district is within the Urban Neighborhood Context. The districts are intended to promote active, pedestrian-scaled and drivers areas and activate the public street edge. The district standards are also intended to enhance the neighborhood and ensure new development that contributes positively to the established character. The proposed rezoning is consistent with the Urban Center context. Given the proximity to transit and the mixed-use arterial Fox Street the proposed rezoning will achieve the intent of the zone district.

Grandfathering of Current Structure
The current structure would not meet the new zoning height restrictions, as such the owner would only rezone the parcels based on the current structure being grandfathered as an approved non-conforming structure.

With this letter the Owner is reaching out to all associated Registered Neighborhood Organizations hoping to get your support for the proposed map amendment for 3900 N Elati St and 3958 N. Elati Street. If you have any questions or comments please don't hesitate to contact the City's Denver Planning Board at:
