COMMUNITY PLANNING AND DEVELOPMENT STAFF

Curt Upton; Scott Robinson;

OTHER ATTENDEES

Gretchen Armijo

Meeting Summary

1. WELCOME

Frank Locantore welcomed the steering committee members and walked the committee through the meeting agenda.

2. REVIEW OF DRAFT GUIDING PRINCIPLES

Curt Upton led a discussion of the draft guiding principles, the comments and recommendations made by the steering committee at the August meeting, and the suggestions made by Councilman New. The steering committee gave direction on where the draft guiding principles needed to be changed or where additional detail or clarification was needed. For draft guiding principle #4, regarding parking, the steering committee gave direction on which questions need to be answered in a parking study and requested a meeting with the parking consultant before the study begins. Staff will incorporate the comments and discussion and present revised draft guiding principles at the October meeting.

3. FOCUS TOPICS AND FOCUS AREAS

The steering committee discussed the information regarding draft focus topics and focus areas that had been sent to the committee before the August meeting and presented at that meeting. The steering committee had several questions but were generally comfortable with the focus topics and focus areas as presented.

4. DRAFT BLUEPRINT DENVER FUTURE PLACE MAP

The steering committee reviewed the draft future places from the Blueprint Denver update as mapped in the East Central Area. The committee suggested potential revisions to the map to be made before Blueprint Denver is adopted and identified areas where the East Central Area Plan should provide refinement to the future place designations.
