3. Finalize Vision Statements

Eugene Howard led a group discussion on the draft vision statements. The committee reviewed each statement in detail and achieved consensus on edits. Staff indicated that they would update the statements consistent with the steering committee's input and then send an email for final review. The public will provide input on the statements at the next public meeting. Depending on the input received, there may be an additional round of refinement with the steering committee.

4. Blueprint Denver Place Framework

Jay Renkins from MIG Consulting gave a presentation on the Place Framework that is being developed as part of the Blueprint Denver update. The public will review the draft place maps at the next public meeting.

5. September 13 Public Meeting

Courtland Hyser described the proposed format and structure for the September 13 public meeting. This will be a joint public meeting with Blueprint Denver. The meeting will include a variety of exercises intended to meet the needs of both plans. The theme of "envisioning the future" will be explored with a set of three exercises:

- i. A dot exercise on the draft Far Northeast vision statements
- ii. A large group visioning exercise on the topic of "growing inclusively"
- iii. A small group mapping exercise on the draft Blueprint Denver place map for Far Northeast
