Section 9-60 Differential Pay Practices

9-61 Shift Differential
(Revised effective September 14, 2008; Rules Revision Memo 31C)

A. Employee eligibility:

1. Employees in classifications in non-exempt pay schedules are eligible for shift differential, unless the employee is eligible for the health care differential as provided in this Rule 9 PAY ADMINISTRATION.

2. Employees in classifications in exempt pay schedules are not eligible for shift differential, unless the employee is in a classification:
   a. In which the Board has approved overtime based on community practice (unless also eligible for the health care differential as provided in this Rule 9 PAY ADMINISTRATION); or
   b. Which is a first-line supervisory classification in which the employee’s primary duties include the direct supervision of employees who have no subordinate supervisors and are receiving shift differential for the time the employee is supervising them.

3. Employees in classifications in the short range or community rate pay schedules are not eligible for shift differential.

4. The Personnel Director, upon the request of an appointing authority, may allow a department or agency to exclude otherwise eligible employees from receiving shift differential based on community practice. Requests based on other reasons require submission by the Personnel Director to and approval by the Board.

B. The following rates shall be paid for shift differential:

1. Night rate: Twelve percent (12%) of the current hourly rate of pay.

2. Evening rate: Seven percent (7%) of the current hourly rate of pay.

C. Shift differential shall be paid for all hours worked by an eligible employee in a work day under the following conditions:

1. If at least half of the hours worked occur between 11 p.m. and 7 a.m. the employee shall receive the night rate;
2. If at least half of the hours worked occur between 3 p.m. and 11 p.m. the employee shall receive the evening rate, unless the other half of the hours worked occur between 11 p.m. and 7 a.m., in which case the employee will receive the night rate.

3. If neither subsections 1 or 2 are applicable, but at least half of the hours worked occur between 3 p.m. and 7 a.m., the employee shall receive the applicable rate for the period in which a majority of the hours occur. If these hours are evenly divided between 3 p.m. and 11 p.m. and 11 p.m. and 7 a.m., the employee shall receive the night rate.

D. Shift differential shall not be paid during any period of paid or unpaid leave.

9-62 Equipment Differential

B. Equipment differential shall be paid under the following conditions:

1. The equipment being operated is on the Board's approved equipment list for payment of equipment differential.

2. Assignment in the higher level classification must last for less than thirty (30) days. If all authorized limited positions for a term of nine (9) months or less are filled, the thirty-(30) day limit is waived.
