Section 9-40 Pay Adjustment for On-Call Employees  
(Revised April 9, 2018; Rule Revision Memo 38D)  

On-Call employees are not eligible for merit increases and merit payments. However, an appointing authority may grant on-call employees who have served a minimum of three hundred (300) hours in the year preceding the date of the proposed increase a pay increase not to exceed the average percentage merit increase established by the annual appropriation ordinance and Rule 13 PAY FOR PERFORMANCE for the year of the proposed increase. The pay increase permitted under this rule shall not exceed the range maximum of the applicable range and shall not be granted more than once in a year period from the pay increase effective date.

Section 9-50 Pay Differentials and Pay Practices  
(Re-numbered December 21, 2012; Rule Revision Memo 66C)  

9-51 Shift Differential  
(Revised March 11, 2019; Rule Revision Memo 51C)  

A. Employee eligibility:

1. Employees in classifications in non-exempt pay schedules are eligible for shift differential, unless the employee is eligible for the health care differential as provided in this Rule 9 PAY ADMINISTRATION.

2. Employees in classifications in exempt pay schedules are not eligible for shift differential, unless the employee is in a classification:

   a. In which the OHR Executive Director has approved overtime based on community practice (unless also eligible for the health care differential as provided in this Rule 9 PAY ADMINISTRATION), or

   b. That is a first-line supervisory classification and the employee’s primary duties include directly supervising employees who have no subordinate supervisors and who are receiving shift differential for the time the employee (first-line supervisor) is supervising them.

3. Employees in classifications in community rate pay schedules are not eligible for shift differential. (Revised May 31, 2017; Rule Revision Memo 27D)

4. The OHR Executive Director, upon the request of an appointing authority, may allow a department or agency to exclude otherwise eligible employees from receiving shift differential based on community practice. Requests based on other reasons require submission by the OHR Executive Director and approval by the Board.
B. The following rates shall be paid for shift differential:

1. **Night rate:** Twelve percent (12%) of the current hourly rate of pay.

2. **Evening rate:** Seven percent (7%) of the current hourly rate of pay.

C. Shift differential shall be paid for all hours worked by an eligible employee in a work day under the following conditions:

1. If at least half of the hours worked occur between 11 p.m. and 7 a.m. the employee shall receive the night rate.

2. If at least half of the hours worked occur between 3 p.m. and 11 p.m. the employee shall receive the evening rate, unless the other half of the hours worked occur between 11 p.m. and 7 a.m., in which case the employee will receive the night rate.

3. If neither subparagraphs 1 or 2 are applicable, but at least half of the hours worked occur between 3 p.m. and 7 a.m., the employee shall receive the applicable rate for the period in which a majority of the hours occur. If these hours are evenly divided between 3 p.m. and 11 p.m. and 11 p.m. and 7 a.m., the employee shall receive the night rate.

4. If the employee’s regularly scheduled shift is eligible for shift differential and that employee’s shift is extended due to no fault of their own, such as through mandated overtime or late relief, and such extension would cause the employee to lose shift differential eligibility, the shift differential shall still be applied to the regularly scheduled shift worked.

D. Shift differential shall not be paid during any period of paid or unpaid leave.

9-52 **Equipment Differential**

A. **Eligibility:**

1. Equipment differential shall be paid to employees who are temporarily assigned to operate equipment, which is at a higher level classification than the employee’s current classification, and who are not receiving additional pay for a work assignment outside of job classification.

2. Employees in on-call positions including classifications in community rate pay schedules shall be entitled to equipment differential. (Revised May 31, 2017; Rule Revision Memo 27D)

B. Equipment differential shall be paid under the following conditions:

1. The equipment being operated is on the Board’s approved equipment list for payment of equipment differential.
2. Assignment in the higher level classification must last for less than thirty (30) days. If all authorized limited positions for a term of nine (9) months or less are filled, the thirty-(30) day limit is waived.

C. The pay shall be ten percent (10%) of the current hourly rate of pay for each hour worked in the next higher level classification. The pay shall be fifteen percent (15%) of the current hourly rate of pay for each hour worked in the second higher level classification and above.

D. The total base pay for any pay period, excluding overtime and shift differential, shall not exceed the range maximum of the higher level classification (Revised October 17, 2010; Rule Revision Memo 47C).

9-53 Health Care Differential

A. Career Service employees who are employed by Denver Health and Hospital Authority (“DHHA”) in classifications in the Healthcare occupational group are eligible for health care differentials paid to comparable classifications at DHHA. (Revised July 31, 2015; Rule Revision Memo 12D)

B. The differentials, eligibility criteria and rates shall be established by DHHA.
