Classification Notice No. 1348

To: Agency Heads and Employees
From: Christopher M.A. Lujan, Interim Director
Date: September 28, 2011
Subject: Proposed Change to the Classification and Pay Plan

The proposed change amends the Classification and Pay Plan by changing the pay grade of Risk Analyst from 808-A to 808-V.

CSA Compensation approached Risk Management in the Department of Finance regarding a change to the occupational group of the Risk Analyst classification, from the Professional occupational group to the Fiscal occupational group. In the external market, Risk Analyst duties are typically aligned with financial positions. Moving the Risk Analyst into the Fiscal occupational group will better align the classification for future market comparisons. In addition, the class specification was revised to reflect the duties of this position.
