Classification Notice No. 1396

To: Agency Heads and Employees
From: Nita Henry, Executive Director
Date: November 7, 2013
Subject: Proposed Change to the Classification and Pay Plan

The proposed change amends the Classification and Pay Plan by changing the pay grades of the Surveying Technician, Associate Surveying Technician and Senior Surveying Technician classifications.

The Department of Public Works requested that the Office of Human Resources (OHR) review the current pay grades for the Surveying Technician classification series. A recent reorganization of work groups within the department revealed a potential misalignment of the current pay structure for the series when compared to both the external market and internal classifications.

A review was conducted and it was found that the market average pay is higher than the pay grades we currently have assigned to the series. Due to the comparison with the market we are proposing to change the pay grades for the series.
