Classification Notice No. 1505

To: Agency Heads and Employees
From: Karen Niparko, Executive Director of Human Resources
Date: June 18, 2015
Subject: Proposed Change to the Classification and Pay Plan

The proposed change amends the Classification and Pay Plan by changing the pay grade for the Program Quality Assurance Technician from 615-N ($39,000 - $56,940) to 615-A ($41,291 - $60,285).

The Performance, Improvement and Accountability Division at the Department of Human Services requested that the Office of Human Resources conduct a study involving the Program Quality Assurance Technician classification. The purpose of the study was to ensure that the job specification reflected the work being performed by employees and that the pay range of the classification aligned appropriately with the market.

OHR conducted a focus group of employees in which information was gathered involving the type and level of work being performed by Program Quality Assurance Technicians. Based on the findings and accompanying analysis, it is proposed that the Program Quality Assurance Technician job specification be updated including revising the list of job duties as well as raising the education requirement to an Associate’s Degree. In addition, it is recommended that the pay grade of the Program Quality Assurance Technician change from 615-N ($39,000 - $56,940) to 615-A ($41,291 - $60,285).
