Subject: Proposed Changes to the Classification and Pay Plan

The proposed change amends the Classification and Pay Plan by creating two new classifications called Traffic Signs & Markings Inspector (J-616) and Traffic Signal Inspector (J-621).

The Transportation Operations Division of Public Works has requested that The Officer of Human Resources (OHR) create two new classifications. These classifications review the work of contractors that are involved in the excavation and restoration of trenches for traffic signal installation, placement of concrete and steel poles, installation of span wire assemblies and suspension hardware and the removal and installation of roadway signing and pavement. They are currently using existing classifications that are not an appropriate match to the type and level of duties being performed. As a result, OHR is proposing to create two new classifications called Traffic Signs & Markings Inspector and Traffic Signal Inspector.
