# General Statement of Duties

Performs intermediate-level professional accounting work, processes financial transactions, and prepares financial records and reports to ensure compliance with fiscal rules and policies in accordance with Generally Accepted Accounting Principles.

# Distinguishing Characteristics

The Associate Accountant performs some of the major duties or responsibilities described within the essential duties section of this job description and perform various elements within those major duties and responsibilities, but the Associate Accountant may not perform all of the essential duties outlined below as this is a citywide classification, which encompasses a wide range of work.

The Associate Accountant services and supports a department or agency, or may service and support multiple client groups outside of the organization.

The Associate Accountant is distinguished from the Staff Accountant, which performs entry-level accounting work while in training under close supervision; and, is distinguished the Senior Accountant, which performs complex and specialized account work and assignments.

The following definitions are meant to assist in distinguishing between the three core concepts of accounting, budgeting, and finance, which are as follows:

- **Accounting**: Tracks, records, and reconciles financial transactions to ensure consistency and compliance with fiscal rules, and creates reports for historical records, audits, and the evaluation of financial processes and transactions.

- **Budgeting**: Tracks, monitors, and projects expenditures, allocates funds, oversees assets, and prepares justifications and reports with regard to a specific organizational budget and associated business needs.

- **Finance**: Researches, analyzes, calculates, and compiles financial data, prepares reports for business decision making, determines best use of financial resources, which includes determining interest rates, investments, and managing cash and debt.

# Guidelines, Difficulty and Decision-Making Level

Guidelines are generally numerous, well established, and directly applicable to the work assignment. Work assignment and desired results are explained by general oral or written instructions.

Duties assigned are generally repetitive and restricted in scope but may be of substantial intricacy. Employee primarily applies standardized practices.

Decisions or recommendations on non-standardized situations are limited to relating organizational policies to specific cases. Problems that are not covered by guidelines or are without precedent are taken up with the supervisor.

# Level of Supervision Received & Quality Review

Under normal supervision, within a standardized work situation, the employee performs duties common to the line of work without close supervision or detailed instruction. Work product is subject to continual review.
### Interpersonal Communication & Purpose

Contacts with the public or employees where explanatory or interpretive information is exchanged, gathered, or presented and some degree of discretion and judgment are required within the parameters of the job function.

### Level of Supervision Exercised

None
