

Office of Human Resources
Airport Emergency Dispatcher - CA2810
THIS IS A PUBLIC DOCUMENT

General Statement of Duties

Performs public contact work receiving and dispatching emergency calls at Denver International Airport who are requesting emergency services while monitoring response and using criminal databases to assist law enforcement personnel.

Distinguishing Characteristics

This class is distinguished from the Airport Operations Representative, who provides a variety of operational support services for the daily operation of the airport in the airport communications center, aircraft operations area, and terminal facilities. This class is distinguished from Police Dispatcher and Paramedic Dispatcher because its scope of operations is limited to the airport. This class is distinguished from Emergency Communications Operator who performs full performance emergency and non-emergency telephone assistance to individuals who are calling Denver-911 for police, emergency medical services, and/or fire and provides emergency medical dispatch triage and instructions over the phone.

Level of Supervision Exercised

By position, performs lead work.

Essential Duties

Operates heavy-volume telephone system receiving calls to determine whether calls are emergencies and dispatches airport police, fire, emergency medical services, and other special service departments, and obtains pertinent information concerning incidents involving lives and property using standard operating procedures.

Uses a Computer Aided Dispatch (CAD) system for entering relevant call information and for entering and maintaining call disposition records.

Maintains communications and monitors the status of mobile police and paramedic units for the arrival at dispatched location, ascertains seriousness and exact circumstances of the police or medical emergency, notifies police supervisor as warranted, and dispatches and diverts units for additional assistance as needed.

Communicates and coordinates activity between other local, state, and federal agencies and police officers and the dispatching of peripheral assistance such as tow trucks, transportation requests, and citizen responders.

Facilitates computer clearances and gathers information for police officers through the National Crime Information System (NCIC), and the Colorado Crime Information System (CCIC).

Operates and monitors multi-band radio consoles, duress alarms, emergency phones, and closed-circuit television cameras located throughout the airport for criminal activities, airport emergencies, traffic problems, and weather emergencies.

Compiles and prepares information for various reports. Receives reports and complaints, and records pertinent information.

Trains employees on standard operating procedures, work protocols, officer and paramedic assignment areas, the use of computer terminals, call-taking response types, call dispositions, both for new employees and in-service training programs for experienced employees.

By position, may train employees on other skills as needed, such as proper two-way radio protocol, voice control, and resource management.

By position, assists with preparation of training materials, such as retrieving audio data from a voice recording system to support training, customer service, and quality control programs.

By position, may perform other general administrative or support duties, such as distribution of emergency calling information to airport tenants, preparation of revisions to standard operating procedures, updating of telephone number lists and Computer Aided Dispatch (CAD) system data.

Performs other related duties as assigned or requested.
