Office of Human Resources
Aviation Noise Abatement Supervisor - CE2233

THIS IS A PUBLIC DOCUMENT

General Statement of Duties
Performs professional and supervisory level work over noise abatement staff members, provides direction and long range and short term planning, directs policy and procedure development, and acts as a subject matter expert on airport noise mitigation issues and compliance.

Distinguishing Characteristics
This class performs supervisory and professional level work over noise abatement staff members, provides direction and long range and short term planning, directs policy and procedure development, and acts as a subject matter expert on airport noise mitigation issues and compliance. This class is distinguished from the Aviation Noise Abatement Officer that performs professional level work monitoring aircraft noise and collecting data using various monitoring systems and responses and offers solutions to noise complaints/comments. The Aviation Noise Abatement Supervisor is distinguished from an Aviation Planning Administrator that coordinates strategic master and facility planning and related development policies for the Department of Aviation and directs the activities of the Airport Noise Office, the professional planning staff, and contract planners for development of airport airspace, airfield, terminal areas, support facilities and systems, and airport and regional transportation, land use, and economic development.

Guidelines, Difficulty and Decision-Making Level
Guidelines are in the form of stated objectives for the section, unit, function, or project.

Work assignment is generally unstructured and employee is responsible for assigning and supervising a variety of functions to achieve the objectives of the section, unit, or project. Duties performed involve weighing and evaluating factors requiring judgment, analytical ability, and problem solving.

Employee is responsible for simultaneous coordination and supervision of several functions, programs, or projects in various stages of completion.

Level of Supervision Received & Quality Review
Under managerial direction, the employee has personal accountability for carrying out the work objectives of an organizational unit or section within the scope of established guidelines and the mission of the agency or department. Employee is expected to resolve problems that arise in the normal course of the work. Work may be discussed with higher level supervisors and reviewed for soundness of judgment and feasibility of decisions.

Interpersonal Communication & Purpose
Contacts of a non-prescribed nature involving the negotiation and resolution of non-routine problems encountered and where exceptional degrees of discretion, judgment, and specialized knowledge are required in carrying out the programs and policies of an organization.

Level of Supervision Exercised
Supervises two or more Aviation Noise Abatement Officers.

Essential Duties
Directs and evaluates the work of noise abatement staff members, provides technical expertise to staff, and establishes unit and staff work programs.
Develops long range and short term planning initiatives and establishes policies, procedures, and standards related to aviation noise abatement projects and programs.

Develops and manages the budget for the unit and allocating funds to accomplish yearly goals and objectives.

Ensures compliance with all noise provisions established by intergovernmental agreements and develops and coordinates noise abatement procedures in conjunction with local and federal governmental agencies and other stakeholders.

Collaborates with the city's legal department on noise related litigation cases and acts as a fact and/or expert witness during trials.

Works with the airport planning office to monitor proposed real estate development in the vicinity of the airport and to evaluate potential projects for noise compatibility and ensures any proposed development meets federal and local standards.

Acts as a liaison to local, state, and federal officials, citizens, aviation/airlines personnel, and the news media regarding aircraft noise issues and serves on committees with various aviation representatives to share information and develop and test new procedures and/or other mitigation measures.

Manages several professional service contracts, negotiates contract terms, and approves completed work and payments.

Reviews, develops, or modifies work plans, methods, and procedures, determines work priorities, and develops work schedules to provide adequate staff coverage. Provides work instruction and assists employees with difficult and/or unusual assignments and encourages innovation. Assigns and distributes work, reviews work for accuracy and completeness, and returns assignments with recommendations for proper completion.

Conducts hiring interviews and selects candidate(s) for job opening(s).

Resolves problems and mediates conflicts encountered during daily operations, determines appropriate solutions, and promotes teamwork. Encourages regular communication and informs staff of relevant business issues and their impact on the organization.

Develops goals, documents performance, provides performance feedback and formally evaluates the work of the employee; provides reward and recognition for proper and efficient performance. Assists staff to achieve performance standards and identifies opportunities for continual improvement to performance standards.

Encourages and guides others toward goals.

Ensures quality, effectiveness, and efficiency of unit activities and safety measures.

Documents causes for disciplinary action, initiates letters of reprimand, and makes formal recommendations for disciplinary action. Responds to formal and informal employee grievances and prepares written responses.

Perform other related duties as assigned.

Any one position may not include all of the duties listed. However, the allocation of positions will be determined by the amount of time spent in performing the essential duties listed above.
**Competencies**

Delivering Results - Sets high standards for quality, quantity, and timelines. Focuses on customer needs and satisfaction. Consistently achieves project goals.

Influencing - Collaborates with, persuades and influences others.

Oral Communication – Expresses information to individuals or groups effectively; taking into account the audience and nature of the information; makes clear and convincing oral presentations; listens to others, attends to nonverbal cues and responds appropriately.
