

Office of Human Resources
City Planner Associate - CE0371
THIS IS A PUBLIC DOCUMENT

General Statement of Duties

Performs intermediate-level professional planning work including participating and assisting in developing planning projects, goals, and guidelines and conducts planning studies and research in a variety of social, economic, and physical areas.

Distinguishing Characteristics

The City Planner is a seven (7) level classification series. Incumbents in these classes are responsible for developing planning projects, goals, and guidelines, conducting planning studies, and research in a variety of social, economic, and physical areas with increasing responsibility and decision making at each level within the series:

- City Planner Staff
- City Planner Associate
- City Planner Senior
- City Planner Principal
- City Planner Supervisor
- Manager City Planning
- Director City Planning

These classes are distinguished from the Airport Planning class series by the specialization of education and experience required for airport planning.

Level of Supervision Exercised

None

Essential Duties

Assists with long-range and short-term planning projects and multi-agency/multi-jurisdictional planning efforts by recommending changes and modifying plans, policies, goals, guidelines, and project specifications and ensures programs are consistent with the comprehensive plan, other specialized city plans, city planning principles, zoning code regulations, and other relevant factors.

Conducts studies and planning research in areas such as transportation, historic preservation, land use, environmental factors, residential, commercial, and industrial sectors as part of the maintenance of the comprehensive plan, other specialized city plans, and the preparation of district/neighborhood plans, compiles and analyzes data to determine existing conditions and to isolate trends and prepares reports and recommendations.

Conducts research on a variety of planning problems and issues such as land use, growth management, and transportation, compiles data from land use maps, population, employment, and traffic studies, and other specialized surveys related to social, physical, and economic factors, analyzes technical and statistical information, formulates recommendations, and prepares reports.

Prepares a variety of visual materials including advanced graphics, maps, and charts to synthesize and communicate technical and complex information to a variety of internal and external audiences.

Advises planning committees, neighborhood groups, City Council, and other stakeholders on planning issues, procedures, processes, historical preservation procedures, zoning issues, ordinance changes, and environmental regulations and requirements.

Assists with technical aspects within projects, and serves on citizen advisory committees to develop plans, projects, and policies.

Performs other related duties as assigned.

Any one position may not include all of the duties listed. However, the allocation of positions will be determined by the amount of time spent in performing the essential duties listed above.
