

Office of Human Resources
Diagnostic Imaging Supervisor - CO2707
THIS IS A PUBLIC DOCUMENT

General Statement of Duties

Supervises and performs radiographic procedures and related techniques used for the diagnosis of disease or trauma.

Distinguishing Characteristics

The Diagnostic Imaging Supervisor is distinguished from the Diagnostic Imaging Technologist which performs diagnostic medical radiographs for the diagnosis of disease or trauma and does not have the supervisory responsibilities. This class is distinguished from Imaging Operations Supervisor which supervises and coordinates the daily operations of the Diagnostic Imaging Department and supervises technological staff operating diagnostic and specialty imaging equipment and has second level supervisory responsibilities. In addition, the Diagnostic Imaging Supervisor is distinguished from the Electrocardiograph Technician Supervisor which supervises the work.

Level of Supervision Exercised

Supervises two or more employees who do not supervise.

Essential Duties

Supervises a shift of diagnostic imaging technologists, resident technologists and student technologists operating radiographic equipment used for the diagnosis of disease or trauma in a teaching hospital.

Assigns patients to exam rooms based on patient condition and exam type.

Authorizes the release of patients upon the completion of radiographic examination.

Examines and approves radiographic film for quality.

Develops and implements staff training and development plans to provide cross training of employees, specific job related training and other approaches to provide opportunities for staff flexibility and development.

Plans, schedules, coordinate, and assign work and establish goals and priorities for subordinate employees.

Resolves unit operational problems and handles patients' complaints.

Develops goals, documents performance, provides performance feedback and formally evaluates the work of the employee; provides reward and recognition for proper and efficient performance. Assists staff to achieve performance standards and identifies opportunities for continual improvement to performance standards.

Any one position may not include all of the duties listed. However, the allocation of positions will be determined by the amount of time spent in performing the essential duties listed above.

Competencies

Delivering Results - Sets high standards for quality, quantity, and timelines. Focuses on customer needs and satisfaction. Consistently achieves project goals.

Influencing - Collaborates with, persuades and influences others.

Problem Solving - Identifies problems; determines accuracy and relevance of information; uses sound judgment to generate and evaluate alternatives, and to make recommendations.

Teaching Others - Helps others learn through formal or informal methods; identifies training needs; provides constructive feedback; coaches others on how to perform tasks; acts as a mentor.

Technical Competence – Uses knowledge that is acquired through formal training or extensive on-the-job experience to perform one's job; works with, understands, and evaluates technical information related to the job; advises others on technical issues.

Coaching - Provides others with clear direction, motivates, and empowers. Recruits staff of a high caliber and provides staff with development opportunities and coaching.

Knowledge & Skills

None

Education Requirement

Completion of a two year program approved by the American Registry of Radiological Technologists in Radiological Technology at a hospital or college.

Experience Requirement

One (1) year of experience of the type and at the level of Diagnostic Imaging Technologist.

Education & Experience Equivalency

No substitution of experience for education is permitted.

Additional appropriate education may be substituted for experience requirements.

Licensure & Certification

Current certification as a Registered Radiological Technologist (RT) with the American Registry of Radiological Technologists (ARRT) at the time of application.

Licenses and certifications must be kept current as a condition of employment.

Working Environment

Potential exposure to biohazardous radioactive substances
Potential exposure to explosive chemicals, gases and low-level radiation
Potential exposure to odorous chemical and specimens
Potential exposure to patient elements
Potential exposure to unpleasant elements (accidents, injuries and illness)
Subject to electrical and radiant energy hazards.

Level of Physical Demand

1-Sedentary (0-10 lbs.)

Physical Demands

(Physical Demands are a general guide and specific positions will vary based on working conditions, locations, and agency/department needs.):

Standing: remaining on one's feet in an upright position.

Carrying: transporting an object, usually by hand, arm, or shoulder.

Stooping: bending the body by bending spine at the waist.

Reaching: extending the hand(s) and arm(s) in any direction.

Handling: seizing, holding, grasping, or otherwise working with hand(s)

Fingering: picking, pinching, or otherwise working with fingers.

Talking: expressing or exchanging ideas by means of spoken words. Repetitive motions: making frequent movements with a part of the body.

Eye/hand/foot coordination: performing work through using two or more.

Lifting: raising or lowering objects weighing no more than 10 pounds, from one level to another.

Background Check Requirement

Criminal Check

Education Check

Employment Verification

Licensure/Certification

Assessment Requirement

Professional Supervisor

Probation Period

Six (6) months.
