Office of Human Resources

Document Management Technician II – CC3144

General Statement of Duties

Performs all aspects of document management operations.

Distinguishing Characteristics

There are four classifications in this series. The Document Management Technician I, Document Management Technician II, Document Management Lead and Document Management Supervisor. This class is distinguished from the Administrative Support Assistant series that performs a variety of clerical work.

Guidelines, Difficulty and Decision-Making Level

Guidelines are generally but not always clearly applicable, requiring the employee to exercise judgment in selecting the most pertinent guideline, interpret precedents, adapt standard practices to differing situations, and recommend alternative actions in situations without precedent.

Duties assigned are generally complex and may be of substantial intricacy. Work assignment is performed within an established framework under general instructions but requires simultaneous coordination of assigned functions or projects in various stages of completion.

Employee is responsible for determining time, place, and sequence of actions to be taken. Unusual problems or proposed deviations from guidelines, practices, or precedents may be discussed with the supervisor before being initiated.

Level of Supervision Received & Quality Review

Under general supervision, the employee receives assignments and is expected to carry them through to completion with substantial independence. Work is reviewed for adherence to instructions, accuracy, completeness, and conformance to standard practice or precedent. Recurring work clearly covered by guidelines may or may not be reviewed.

Interpersonal Communication & Purpose

Contacts with the public or employees where explanatory or interpretive information is exchanged, gathered, or presented and some degree of discretion and judgment are required within the parameters of the job function.

Level of Supervision Exercised

None

Essential Duties

Reviews and evaluates applications and/or documents (both paper and electronic) submitted by clients for public assistance programs to verify completeness and acceptability and sends application and/or documents to Supervisor or Lead when they should be processed by another county.

Contacts clients to schedule interview and/or to verify information submitted on documents that are used to determine eligibility for assistance programs.

Researches databases to determine and identify key information and data elements related to submitted applications and documents.
Prepares and organizes paper applications and/or documents and then performs all aspects of scanning including using and manipulating imaging equipment and software and ensuring that scanned images meet quality standards.

Uses public assistance program knowledge and information obtained through database research to input critical data, categorize and route associated applications and/or documents as well as create workflow tasks within systems.

Performs quality assurance by examining and checking the accuracy of work done by team members and communicating and resolving errors identified.

Reviews, recommends and implements modifications to procedures and workflow as necessary to ensure efficient and effective document management.

Tracks and communicates issues that occur while performing document management operations.

Follows Federal and State regulations regarding timeliness and quality for public assistance applications.

Performs other related duties as assigned.

Any one position may not include all the duties listed. However, the allocation of positions will be determined by the amount of time spent in performing the essential duties listed above.
