General Statement of Duties
Supervises the work of professional engineers and associated personnel involved in the enforcement of the Denver Building and Fire Code, project management, field inspections, plans review and technical assistance and research.

Distinguishing Characteristics
None

Guidelines, Difficulty and Decision-Making Level
Guidelines are in the form of stated objectives for the unit, function or project. Work assignment is generally unstructured and employee is responsible for assigning and supervising a variety of functions to achieve the objectives of the unit or project. Employee is responsible for coordinating and supervising several tasks in which several phases may be in progress at once. Duties performed involve weighing and evaluating many factors requiring judgment, analytical ability, and problem solving. Work may be discussed with higher level supervisors and reviewed for soundness of judgment and feasibility of decisions.

Level of Supervision Received & Quality Review
None

Interpersonal Communication & Purpose
Contacts where the exchange of information, support, influence and cooperation may have a very significant impact on the programs and policies of the organization.

Level of Supervision Exercised
Supervises two or more employees who do not supervise.

Essential Duties
Supervises the work of Fire Protection Engineers and technical staff.
Reviews design plans and large/complex construction projects to ensure compliance with Denver Building and Fire Codes.
Conducts problem and conflict resolution with other agencies, developers, designers and owners with respect to codes, ordinances and professional standards.
Plans unit work functions based on fire prevention goals and objectives.
Attends pre-design, construction and code development meetings to represent the Fire Prevention Bureau and interpret standards and codes.
Develops specific grouping of work activities and specific staff assignments.
Develops goals, documents performance, provides performance feedback and formally evaluates the work of the employee; provides reward and recognition for proper and efficient performance. Assists staff to achieve performance standards and identifies opportunities for continual improvement to performance standards.
Implements and interprets policies and procedures developed by higher level managers or supervisors. Assists in developing, recommending and coordinating the implementation of new procedures for the assigned functions or unit.

Assists in the development of departmental budgets.

Performs other related duties as assigned or requested.

Any one position may not include all of the duties listed. However, the allocation of positions to this class will be determined by the amount of time spent in performing the primary duties listed above.

**Competencies**
