

Office of Human Resources
Forensic Pathologist - CO2721
THIS IS A PUBLIC DOCUMENT

General Statement of Duties

Assists in the operations and activities of the Office of Medical Examiner including the investigation and evaluation of deaths within the city that fall under the jurisdiction of the coroner, planning for the office, and the development and execution of policies, procedures, and performance criteria for office operations.

Distinguishing Characteristics

This class assists in the operations and activities of the Office of Medical Examiner including the investigation and evaluation of deaths within the city that fall under the jurisdiction of the coroner, planning for the office, and the development and execution of policies, procedures, and performance criteria for office operations. This class is distinguished from the Chief Medical Examiner/Coroner that directs the operations and activities of the Office of Medical Examiner in the investigation and medical evaluation of all deaths within the city, provides leadership, direction, and planning for the office, and develops and executes policies, procedures, and performance criteria for office operations.

Level of Supervision Exercised

By position, performs lead work.

Essential Duties

Reviews deaths reported to the Office of the Medical Examiner as required by Colorado Statute and determines which cases will require an autopsy or visual examination.

Performs medicolegal autopsies in accordance with accepted standards in the recognized medical specialty of forensic pathology.

Orders and interprets necessary diagnostic tests to aid in the diagnosis of disease and non-natural pathology, understands the effects of postmortem interval on laboratory test results, and determines the cause and manner of death.

Shares on-call responsibilities with other staff physicians, responds to homicide or other suspicious death scenes as requested by the Medical Examiner investigator, and consults on the release of organs and tissue for recovery by procurement agencies.

Gives testimony as to the cause of death and renders expert opinions in a variety of legal forums, both criminal and civil.

Collects evidence and preserves it using accepted chain of custody procedures, documents findings at autopsy including pertinent traumatic injuries in the form of a written report, and photographs pertinent findings and traumatic injuries.

Consults with medical experts as necessary to aid in the determination of the cause of death.

Meets and/or confers with attorneys, law enforcement, and health professionals to discuss the autopsy findings and investigation.

Meets and/or speaks with families to discuss the results of the autopsy and the particulars of the death investigation and communicates with the media and other interested parties about the autopsy report.

Assists in the education and training of medical students, residents, interns, and others in the function of the Medical Examiner/Coroner and in forensic pathology.

Assists in the planning and participation of research activities that the office collaborates on.

Assists the Chief Medical Examiner in assessing the quality of services provided, helps ensure that staff and visitors conform with office and department safety policies at scenes and in the autopsy room, and assists in the development of office safety policies and in the development of office emergency preparedness plans.

Assists in the collaboration with local, regional, and state law enforcement, investigative, legal, and medical agencies including public health.

Actively participate on the Department's emergency preparedness and response team(s) to support meeting the Department's public health and environmental responsibilities outlined in the City's Emergency Operations Plan.

Performs other related duties as assigned.

Any one position may not include all of the duties listed. However, the allocation of positions will be determined by the amount of time spent in performing the essential duties listed above.
