General Statement of Duties

Provides practical nursing care to patients/clients. May be assigned lead functions.

Distinguishing Characteristics

This classification is located at Denver Health Medical Center and is being maintained for promotional purposes.

Guidelines, Difficulty and Decision-Making Level

Guidelines are generally numerous, well established, and directly applicable to the work assignment. Work assignment and desired results are explained by general oral or written instructions.

Duties assigned are generally repetitive and restricted in scope but may be of substantial intricacy. Employee primarily applies standardized practices.

Decisions or recommendations on non-standardized situations are limited to relating organizational policies to specific cases. Problems that are not covered by guidelines or are without precedent are taken up with the supervisor.

Level of Supervision Received & Quality Review

Under normal supervision, within a standardized work situation, the employee performs duties common to the line of work without close supervision or detailed instruction. Work product is subject to continual review.

Interpersonal Communication & Purpose

Contacts with the public or employees where factual information relative to the organization or its functions are received, relayed, or a service rendered according to established procedures or instructions.

Level of Supervision Exercised

May perform lead-work on a job by job or rotating basis.
