General Statement of Duties

Performs professional and supervisory work over analytical staff members, provides leadership and direction, devises and evaluates performance standards for the assigned area(s), and develops long range and short term goals and objectives for the assigned area(s) in conjunction with departmental plans and goals.

Distinguishing Characteristics

This class performs professional and supervisory work over analytical staff members. This class is distinguished from Management Analyst Specialist that performs specialized, complex, and multi-dimensional analytical work which includes conducting and executing studies/projects for areas with little or no procedural precedent which have city-wide and/or major department(s) policy implications and providing top level management with information necessary for decision-making and long-range organizational planning.

Additionally, a Management Analyst Specialist performs lead work and/or may supervise clerical and/or technical employees; whereas, a Management Analyst Supervisor performs supervisory duties over professional staff. Generally, a Management Analyst Specialist and a Management Analyst Supervisor report to management level positions. A Management Analyst Supervisor is distinguished from a Manager I that manages an operational and/or functional area(s) and performs some elements of supervision by recommending and implementing plans, procedures, policies, programs, and projects.

Guidelines, Difficulty and Decision-Making Level

Guidelines are in the form of stated objectives for the section, unit, function or project.

Work assignment is generally unstructured and employee is responsible for assigning and supervising a variety of functions to achieve the objectives of the section, unit or project. Duties performed involve weighing and evaluating factors requiring judgment, analytical ability and problem solving.

Employee is responsible for simultaneous coordination and supervision of several functions, programs or projects in various stages of completion.

Level of Supervision Received & Quality Review

Under managerial direction, the employee has personal accountability for carrying out the work objectives of an organizational unit or section within the scope of established guidelines and the mission of the agency or department. Employee is expected to resolve problems that arise in the normal course of the work. Work may be discussed with higher level supervisors and reviewed for soundness of judgment and feasibility of decisions.

Interpersonal Communication & Purpose

Contacts of a non-prescribed nature involving the negotiation and resolution of non-routine problems encountered and where exceptional degrees of discretion and judgment and specialized knowledge are required in carrying out the programs and policies of an organization.

Level of Supervision Exercised

Supervises two or more Management Analyst Associate and Management Analyst Senior positions.
**Essential Duties**

Directs, plans, and evaluates the work of professional management analyst staff members, provides technical expertise to staff, and establishes section and staff work programs and objectives.

Develops long range and short term planning initiatives, establishes policies, procedures, and practices related to assigned function(s), reviews new policy proposals or revisions, and recommends changes in practices and procedures to increase operating efficiency and expedite work flow.

Performs specialized and complex analytical work which includes conducting and executing studies/projects that have major department policy implications and providing top level management with information necessary for decision-making and long-range organizational planning.

Trains new staff members in management analysis techniques and methodologies, orients staff with appropriate policies, standards, and procedures, and ensures that work conforms to departmental standards.

Serves on committees and builds and maintains effective relationships with managers and other stakeholders in order to discuss and resolve issues/concerns, exchange information, and recommend changes to improve operations and services.

Ensures that staff prepares comprehensive records, reports, and documentation that complies with standards and requirements.

Develops or modifies work plans, methods, and procedures and determines work priorities.

Assigns and distributes work, reviews work for accuracy and completeness, and returns assignments with recommendations for proper completion.
