General Statement of Duties

Directs and supervises the work of Diagnostic Imaging Supervisors and support staff involved in radiographic activities.

Distinguishing Characteristics

This classification is located at Denver Health Medical Center and is being maintained for promotional purposes.

Guidelines, Difficulty and Decision-Making Level

Guidelines are in the form of stated objectives for the section, unit, function, or project.

Work assignment is generally unstructured and employee is responsible for assigning and supervising a variety of functions to achieve the objectives of the section, unit, or project. Duties performed involve weighing and evaluating factors requiring judgment, analytical ability, and problem solving.

Employee is responsible for simultaneous coordination and supervision of several functions, programs, or projects in various stages of completion.

Level of Supervision Received & Quality Review

Under managerial direction, the employee has personal accountability for carrying out the work objectives of an organizational unit or section within the scope of established guidelines and the mission of the agency or department. Employee is expected to resolve problems that arise in the normal course of the work. Work may be discussed with higher level supervisors and reviewed for soundness of judgment and feasibility of decisions.

Interpersonal Communication & Purpose

Contacts are of a non-prescribed nature involving the negotiation and resolution of problems and where exceptional degrees of discretion, judgment, and specialized knowledge are required in carrying out the programs and policies of an organization.

Level of Supervision Exercised

Supervises two or more first level supervisors.

Essential Duties

Supervises the work of Diagnostic Imaging Supervisors and support staff involved in radiographic procedures and related techniques used for the diagnosis of disease or trauma.

Monitors departmental operations to ensure compliance with governmental regulations and meet standards established by accrediting agencies.

Develops and monitors work teams or units and assigns staff to efficiently and effectively accomplish the division's goals and objectives.

Communicates observations, facts and comments with interdisciplinary team members, individually and through team meeting presentations as required.
Establishes and maintains departmental safety, environmental and infection control standards, a quality improvement program, and policies and procedures.

Determines the priorities, goals, and objectives of the division or work functions assigned.

Implements and interprets policies and procedures developed by higher level managers. Develops, recommends and coordinates the implementation of new procedures for the assigned function.

Conducts internal training programs on occupational therapy techniques and objectives for medical and nursing staff and students.

Assists in the development of departmental budgets.

Resolves operational and unforeseen procedural problems and addresses other concerns as directed or necessary.

Directs the development of performance evaluation standards for functions managed within the guidelines set by top management. Formally evaluates the work of directly subordinate supervisors and/or staff.

Develops and ensures the implementation of staff training and development programs which provide opportunities for individual employee growth, continuity of work flow during employee absences, and long range development of employees.

Performs other related duties as assigned or requested.

Any one position may not include all of the duties listed. However, the allocation of positions will be determined by the amount of time spent in performing the essential duties listed above.
