General Statement of Duties

Performs professional level program management work for designated projects within the agency. Responsible for organizing, planning, budgeting, administering and monitoring one or more projects, which may cross several functional areas. Matrix manages and plans the work of consultants, vendors, contractors, on-calls and other employees who work in specific program areas. Provides leadership, program direction, and long range and short-term planning for the program area(s), directs program design, policy development, and performance criteria for program operations, and makes budgetary and resource allocation decisions.

Distinguishing Characteristics

This class provides leadership, direction, and planning for a program(s), matrix manages and plans the work of consultants, vendors, contractors, on-calls and other employees who work in specific program areas. Responsible for budgetary and resource decisions.

This class is distinguished from the Program Administrator which implements, administers, and develops program activities and functions and may by position supervise program staff.

The Program Manager is distinguished from an operational manager who manages functional area(s) that support the core goals and objectives of a department/agency. Whereas, a Program Manager manages a specialized area(s) with complex components and discrete tasks which distinguish it from the main body of an organization.

Definition of a Program:
A program is a specialized area with specific components that include its own policies, procedures, goals, objectives, budget, and tasks that distinguish it from the main body of a department/agency. A program may complement the core goals and objectives of a department/agency but it is separate from the functional areas that support the core goals and objectives.

Guidelines, Difficulty and Decision-Making Level

Guidelines are in the form of stated objectives for the section, unit, function, or program.

Work assignment is generally unstructured and employee is responsible for assigning and supervising a variety of functions to achieve the objectives of the section, unit, or program. Duties performed involve weighing and evaluating factors requiring judgment, analytical ability, and problem solving.

Employee is responsible for simultaneous coordination and supervision of several functions, programs, or projects in various stages of completion.

Level of Supervision Received & Quality Review

Under managerial direction, the employee has personal accountability for carrying out the work objectives of an organizational unit, section, or program within the scope of established guidelines and the mission of the agency or department. Employee is expected to resolve problems that arise in the normal course of the work. Work may be discussed with higher level managers/supervisors and reviewed for soundness of judgment and feasibility of decisions.
### Interpersonal Communication & Purpose

Contacts of a non-prescribed nature involving the negotiation and resolution of non-routine problems encountered and where exceptional degrees of discretion, judgment, and specialized knowledge are required in carrying out the programs and policies of an organization.

### Level of Supervision Exercised

Supervises full performance professional, administrative, and/or technical level program staff or matrix manages and plans the work of consultants, vendors, contractors, on-calls, and other employees who work in specific program areas.

### Essential Duties
