General Statement of Duties

This class performs standard level professional appraisal work in residential, multifamily, commercial and industrial properties.

Distinguishing Characteristics

The Associate Real Property Appraiser is standard level professional real property appraisal work in residential, multifamily, commercial and industrial properties. Positions in the Senior Real Property Appraiser class are assigned full performance level, professional appraisal work of all types of real property. The Associate Real Property Appraiser class is distinguished from the Staff Real Property Appraiser class by the level of independence exercised in doing the work and the scope of the work. The Staff Real Property Appraiser class performs entry level professional appraisal work under close supervision the scope of which is limited by the incumbent’s credentials and the types of properties the supervisor is qualified to appraise.

Guidelines, Difficulty and Decision-Making Level

Guidelines are generally numerous, well established and directly applicable to the work assignment. Work assignment and desired results are explained by general oral or written instructions.

Duties assigned are generally repetitive and restricted in scope but may be of substantial intricacy. Employee primarily applies standardized practices.

Decisions or recommendations on non-standardized situations are limited to relating organizational policies to specific cases. Problems that are not covered by guidelines or are without precedent are taken up with the supervisor.

Level of Supervision Received & Quality Review

Under normal supervision, within a standardized work situation, the employee performs duties common to the line of work without close supervision or detailed instruction. Work product is subject to continual review.

Interpersonal Communication & Purpose

Contact with the public or employees where explanatory or interpretive information is exchanged, gathered or presented and some degree of discretion and judgment is required within the parameters of the job function.

Level of Supervision Exercised

None

Essential Duties

Collects, compiles, researches, and analyzes real estate data for the purpose of taxation.

Performs on-site inspections to verify physical characteristics of land and buildings, and to formulate valuation decisions.

Verifies and evaluates property sales and other real property information, and applies this information to provide an estimate of value appropriate to the property classification.
Reviews property valuation appeals, prepares written appraisals for valuation defense, including investigation and formal response to protests, appeals and complaints, represents the city at hearings, and testifies in court as required.

Prepares reports using a variety of statistical methodologies and software, and according to guidelines established by the Appraisal Standards Board.

Performs reviews of classes or properties to assure assessment uniformity as verified by state audit.

Assists taxpayers and other agencies and organizations to obtain real estate information, and provides explanation of appraisal methods, statutes, and procedures.

Performs other related duties as assigned or requested.

Any one position may not include all of the duties listed. However, the allocation of positions will be determined by the amount of time spent in performing the essential duties listed above.
