General Statement of Duties
Performs full performance level work administering risk management programs, including identifying, analyzing and assessing risks, and recommending risk mitigation and financing options.

Distinguishing Characteristics
This class performs full performance level work administering risk management programs. This class is distinguished from an Administrator I, which performs a variety of specific administrative activities/projects of limited scope in a specialized, functional area which requires a thorough foundation in the principles and practices of the functional area in order to maintain and improve the efficiency and effectiveness of the function and provide supportive, interpretive, and advisory information to higher level administrators, managers, and/or other stakeholders.

Guidelines, Difficulty and Decision-Making Level
Guidelines are generally but not always clearly applicable, requiring the employee to exercise judgment in selecting the most pertinent guideline, interpret precedents, adapt standard practices to differing situations, and recommend alternative actions in situations without precedent.

Duties assigned are generally complex and may be of substantial intricacy. Work assignment is performed within an established framework under general instructions but requires simultaneous coordination of assigned functions or projects in various stages of completion.

Employee is responsible for determining time, place, and sequence of actions to be taken. Unusual problems or proposed deviations from guidelines, practices, or precedents may be discussed with the supervisor before being initiated.

Level of Supervision Received & Quality Review
Under general supervision, the employee receives assignments and is expected to carry them through to completion with substantial independence. Work is reviewed for adherence to instructions, accuracy, completeness, and conformance to standard practice or precedent. Recurring work clearly covered by guidelines may or may not be reviewed.

Interpersonal Communication & Purpose
Contacts with the public or employees where explanatory or interpretive information is exchanged, defended, and/or gathered and discretion and judgment are required within the parameters of the job function.

Level of Supervision Exercised
None

Essential Duties
Provides insurance and risk management analytical guidance and consultation, (including development and delivery of training modules), to assist with planning and business decision-making including prevention or mitigation of losses to the City to ensure that risks are effectively assessed and managed within established guidelines.
