General Statement of Duties

Cares for horses and maintains the horse stables and other facilities.

Distinguishing Characteristics

The Stable Master performs semi-skilled work in the care of horses under general supervision.

The Utility Worker performs standard unskilled labor duties under close supervision. The Senior Utility Worker performs unskilled and/or semi-skilled work assisting in maintaining public grounds, buildings, and facilities with lead work capabilities under general supervision.

Guidelines, Difficulty and Decision-Making Level

Procedures, methods and techniques to be used are well established with options to be considered well defined. Tools, work aids and materials to be used are specified. Work steps are demonstrated or made clear by straightforward oral instructions.

Detailed oral and/or written instructions are normally given during the training period. Work steps involve a pattern of sequential motions such as push, pull, lift, carry or place which may include making gross discriminations as to size, color or readily observable conditions.

Duties assigned are primarily routine, repetitive and restricted in intricacy with little or no discretion in how they are carried out.

Level of Supervision Received & Quality Review

Under general supervision, the employee receives assignments and is expected to carry them through to completion with substantial independence. Work is reviewed for adherence to instructions, accuracy, completeness and conformance to standard practice or precedent. Recurring work clearly covered by guidelines may or may not be reviewed.

Interpersonal Communication & Purpose

Contacts with the public or employees where factual information relative to the organization or its functions is received and relayed, or a service rendered, according to established procedures or instructions.

Level of Supervision Exercised

None

Essential Duties

Provides daily care to the horses.

Monitors the health of the horses, notifies medical personnel regarding any problems, and administers health care procedures prescribed by a veterinarian.

Observes all common safety practices associated with the care and maintenance of horses.

Maintains and makes necessary repairs on the facilities and horse stables.
