General Statement of Duties
Performs full performance work coordinating and managing the care of injured employees in conjunction with other workers’ compensation staff and formulates and administers individual care plans that ensures injured employees receive appropriate care and services.

Distinguishing Characteristics
This class performs full performance work coordinating and managing the care of injured employees. This class is distinguished from the Claims Adjustor II class that performs full performance level work involving the examination, development, and adjudication of liability claims against the City and adjudication of claims for compensation and medical services under Colorado Workers’ Compensation Law.

Guidelines, Difficulty and Decision-Making Level
Guidelines are generally but not always clearly applicable, requiring the employee to exercise judgment in selecting the most pertinent guideline, interpret precedents, adapt standard practices to differing situations, and recommend alternative actions in situations without precedent.

Duties assigned are generally complex and may be of substantial intricacy. Work assignment is performed within an established framework under general instructions but requires simultaneous coordination of assigned functions or projects in various stages of completion.

Employee is responsible for determining time, place, and sequence of actions to be taken. Unusual problems or proposed deviations from guidelines, practices, or precedents may be discussed with the supervisor before being initiated.

Level of Supervision Received & Quality Review
Under general supervision, the employee receives assignments and is expected to carry them through to completion with substantial independence. Work is reviewed for adherence to instructions, accuracy, completeness, and conformance to standard practice or precedent. Recurring work clearly covered by guidelines may or may not be reviewed.

Interpersonal Communication & Purpose
Contacts with the public or employees where explanatory or interpretive information is exchanged, defended, and gathered and discretion and judgment are required within the parameters of the job function.

Level of Supervision Exercised
Performs no supervisory duties.

Essential Duties
Conducts initial medical interview with an injured worker to obtain a general statement concerning the events surrounding the injury, explains medical information and general workers’ compensation information, and refers injured workers to the appropriate resources for additional information.

Gathers information from physicians, health care providers, medical records, and test results in order to develop a nursing plan and provides the medical treatment plan to health care providers.
Collaborates with the workers’ compensation adjusters and assists with the medical management of workers’ compensation claims.

Provides on-going assessment of medical care, identifies obstacles to recovery, develops a plan of action, and focuses on returning an employee to work.

Prepares medical histories on injured workers, nursing options, and questions regarding medical reports and legal documentation in order to prepare for peer reviews, hearings, and/or other staffing conferences with workers’ compensation staff.

Identifies community medical resources required for on-going medical care and coordinates the initiation of services.

Prepares written authorizations, denials, and informational letters to providers for requested services and procedures based on state timeframes for responses.

Interprets and applies State of Colorado Workers’ Compensation guidelines including medical treatment guidelines to ensure proper utilization and coverage of services.

Performs other related duties as assigned.

Any one position may not include all of the duties listed. However, the allocation of positions will be determined by the amount of time spent in performing the essential duties listed above.
