In case of fire or disaster, the staff on duty will sound the fire alarm. All persons will leave the house and go to the designated assembly area. Staff on duty will call the Denver Fire Department at 911. All persons will wait at the designated assembly area for the fire department. Account for all persons. 3. Contain the fire by closing doors to the fire area.
4. Evacuate all persons and staff to the designated assembly area.
5. Call 911 from a safe location.
6. Only use a fire extinguisher if you have had training, it is safe to do so, it is a small fire, and all persons have been evacuated.

FIRE DRILL PROCEDURES for DAYCARE FACILITIES

1. **Inform the staff in advance.** The Center Director informs the staff that there will be a fire drill later in the day/week.
2. **Familiarize the children with the fire drill.** Teachers talk to the children in their classroom about the bell/alarm, rules, and procedures for vacating the building.
3. **Evacuate the building.** The Director will sound the alarm and the Center will be evacuated.
 - a) Evacuating Infants and Toddlers: The designated member of the management team goes to the infant/toddler area.
 - b) Children in the Infant Nursery are placed in an evacuation crib and the crib is wheeled outside by the Infant Nursery Supervisor to the designated area.
 - c) Toddlers (walkers) proceed immediately with their Group Leader to the outside designated area.
 - d) Group Leaders will count their children and take attendance sheets, emergency information, and cell phones with them.
 - e) The Center Director or designee checks bathrooms, closets, and “hiding places” for “lost children” and for possible sources of smoke or fire during a real alarm.
 - f) The Center Director retrieves the official daily sign-in sheets and cell phone.
4. **Time the drill.** The Center Director times how long it took to vacate the building.
5. **Verify accurate recount of all persons.** The Center Director or designee checks with each group to verify an accurate recount of all persons.
6. **Return to the building.** The Center Director or designee gives approval to reenter the building. The Center Director or designee helps with infants and toddlers.
7. **Document the completed fire drill.** The Center Director completes written documentation that contains the specifics of the drill: date, time, and location of fire, and the length of time required to vacate the building. Denver Fire Department Fire Prevention personnel will review the fire drill log during inspections.

**Note: A fire drill will be practiced at least once a month, at different times of the day. All children should have the experience of a practice fire drill to be better prepared for a real emergency.*
