Approved: Michael Roach, P.E., Building Official

Number: ADMIN 120B

**Effective Date: November 01, 2004
Revised: October 17, 2011**

Page: 1 of 1

Reference: ADMIN Section 120

Scope: This policy makes provision for the issuance of permits to contractors not licensed as Class A or Class B Construction Contractors for the erection of small cooler and freezer rooms.

Definition:

COOLER AND FREEZER ROOMS, SMALL: Cooler and freezer rooms, rectangular in plan, no more than 12 feet in height with a width not to exceed 12 feet.

Policy:

Class A Refrigeration Contractors may be issued a #7 Boiler and Commercial A/C permit to construct small cooler and freezer rooms of pre-manufactured foam plastic insulated panels having aluminum or corrosion-resistant steel covering.
